

# EGESIM GmbH

TECHNOLOGY PARTNER

SIVACON	<b>SIEMENS</b>
Technology Partner	

# ABOUT US

“Egesim stands for Efficiency for perfect Solutions - Electrification of Industrial Plants”

## OUR CUSTOMERS

28 years' experience, many references in 24 countries

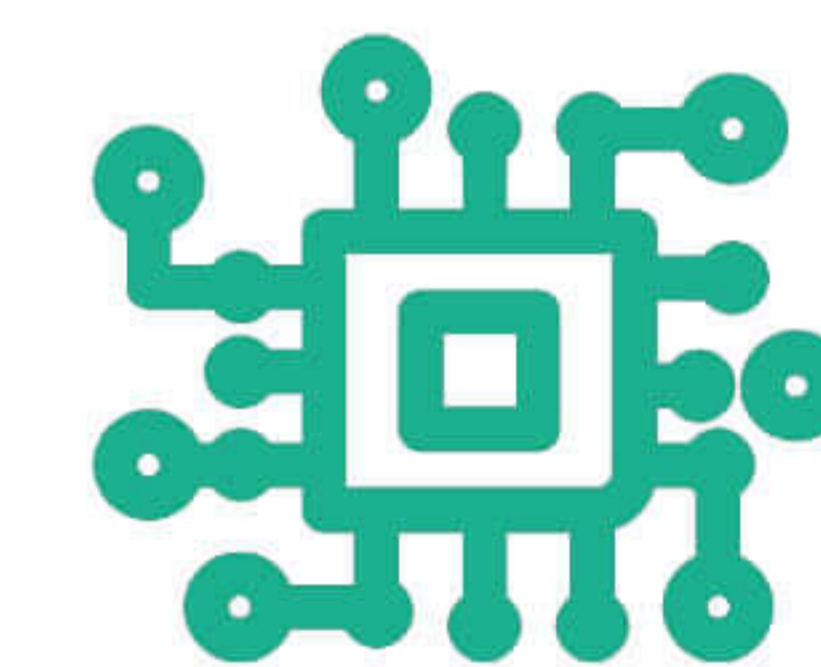

## ENGINEERING

Engineering, Project Planning, Contracting, Production

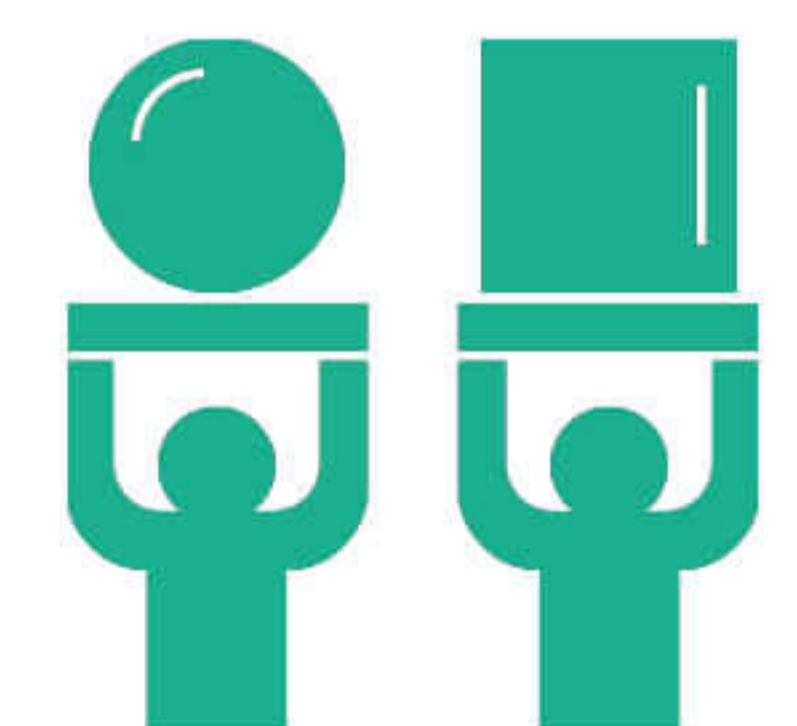

## QUALITY

100% Test and final inspections, high quality, zero-defect policy

## INNOVATION

Efficient, innovative and smart solutions for electrical systems

## COMPETENCE

International Siemens Partner Company

# HISTORY

# VISION

1

Achieve continual success & enrich customer satisfaction with permanent development

2

Achieve accelerated growth with more added value

3

Obtain the best efficiency by superb and innovative technology

# WHY EGESIM?

## ENGINEERING

Innovative Technology and Engineering, Excellent and efficient solutions, providing of special requests by working very closely with the customer.

## COMPETENCE

Flexibility with 507 employees, 69 Engineers, 27 Designers, 28 years' experience in electrical solutions

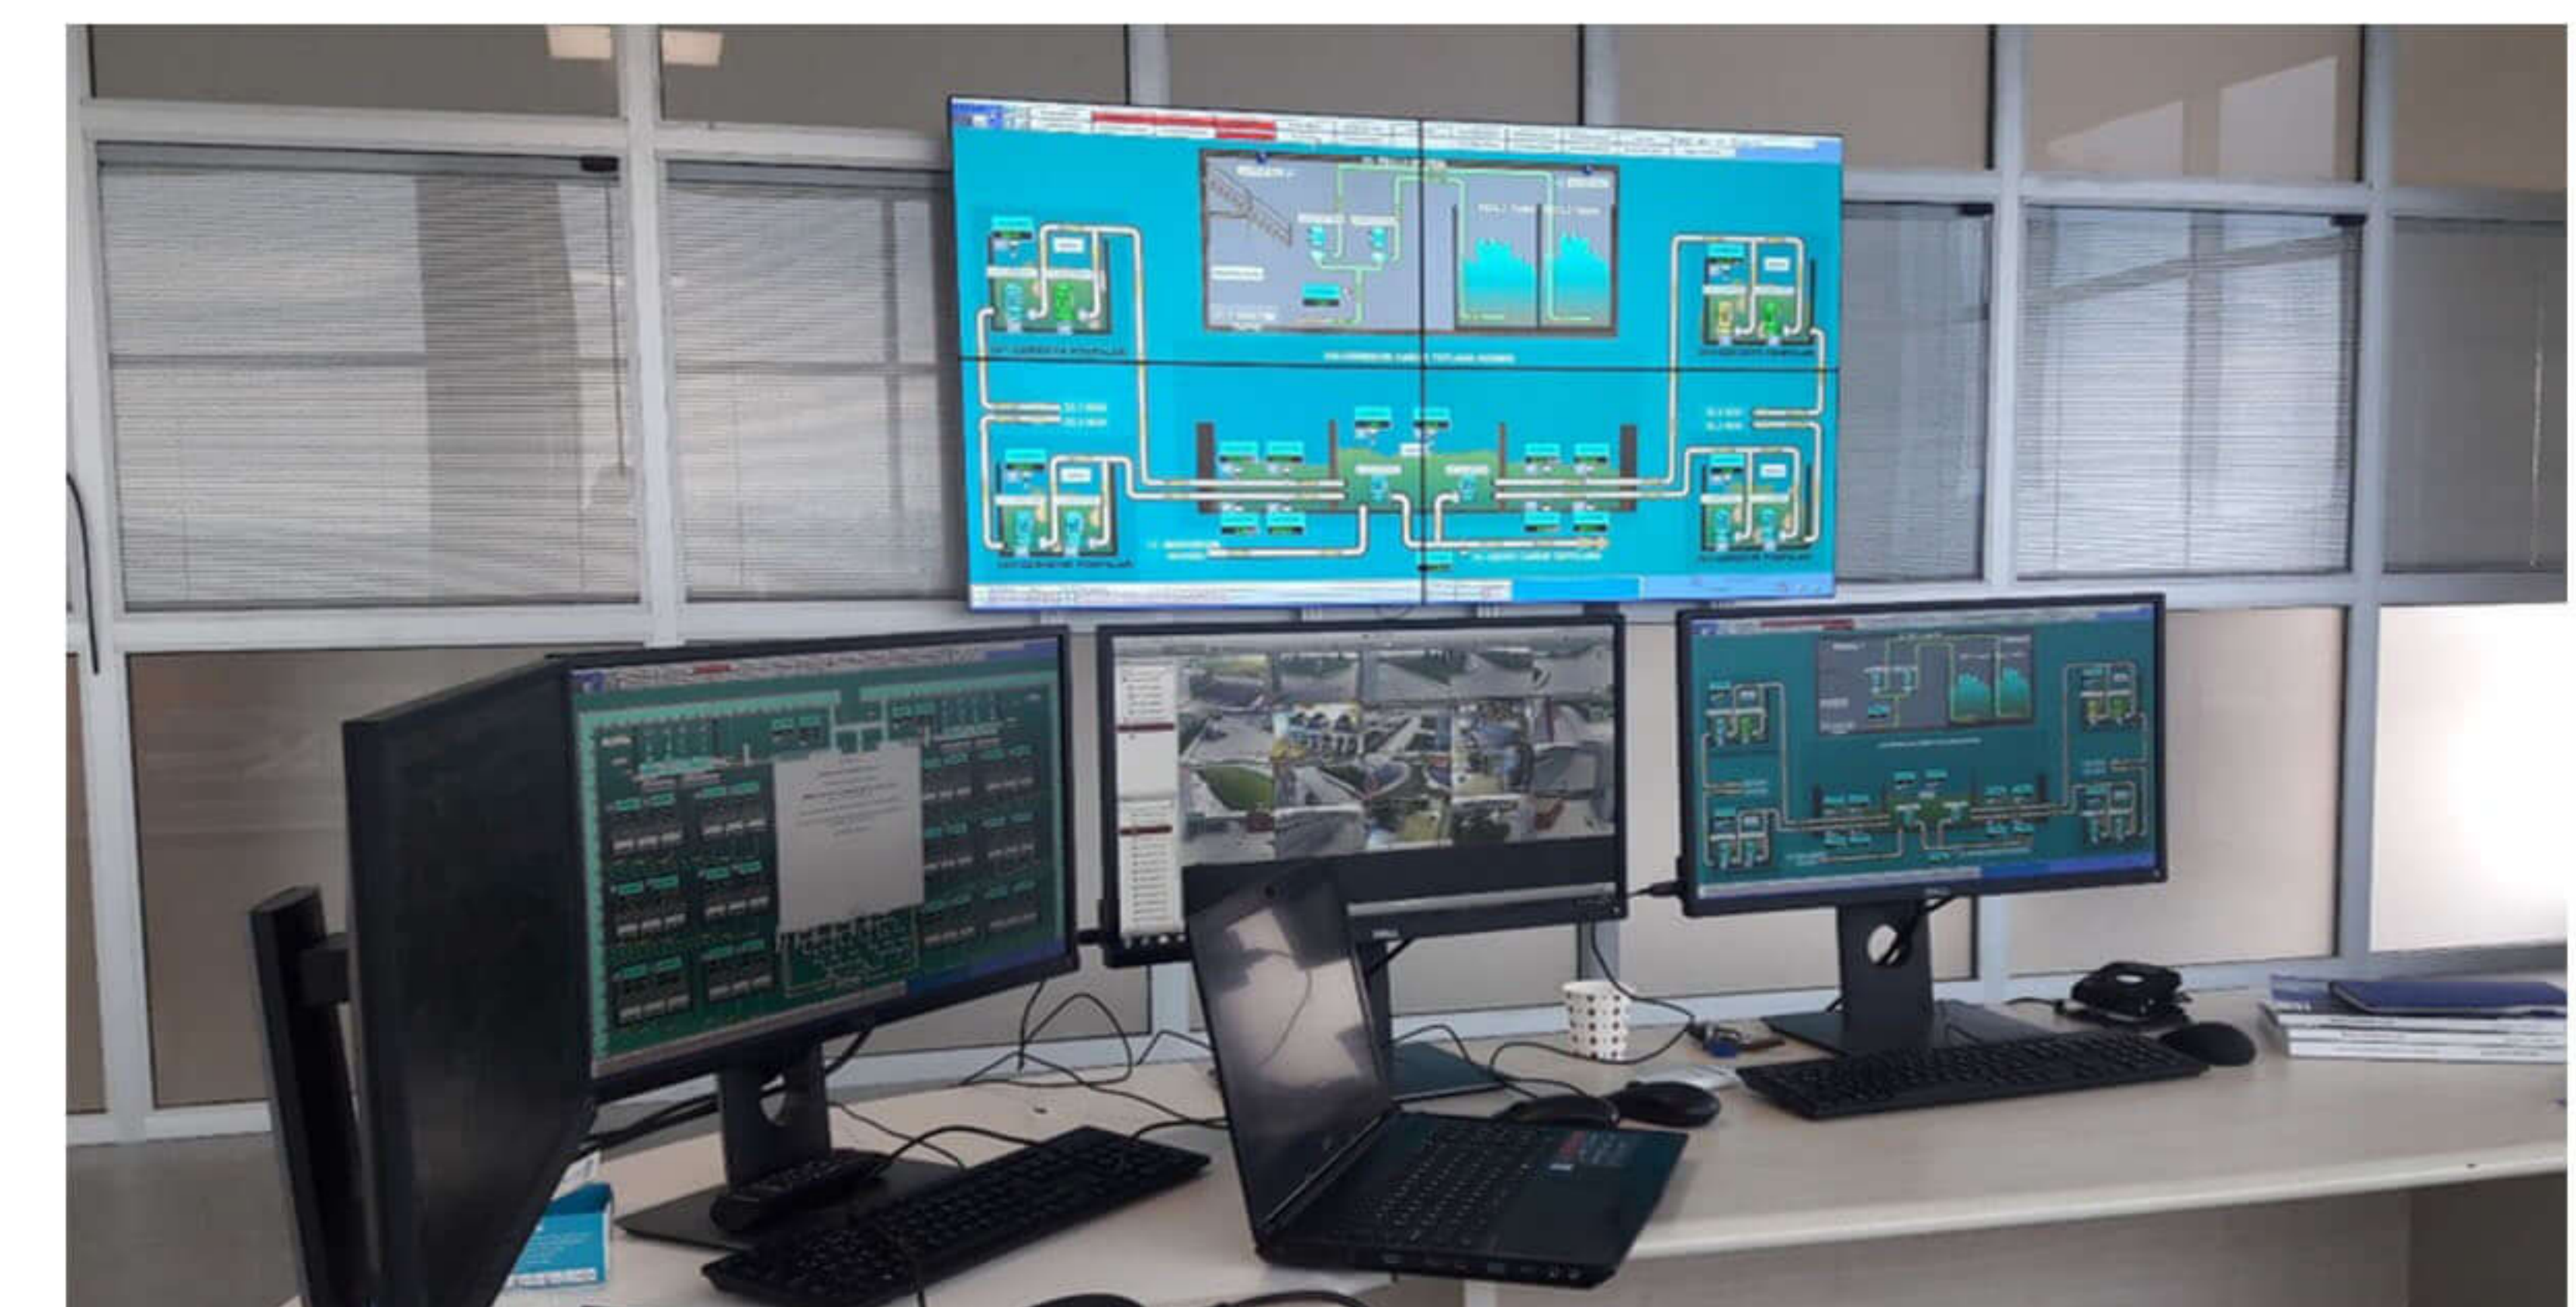

## QUALITY

Siemens Technology Partner, Siemens Panel Manufacturer, Engineering Services, Siemens Supplier

## PRODUCTION

Production of Siemens Sivacon S8 Distribution Panels, Control- and VFD Panels, Production of Medium Voltage Switchgear Systems, Engineering, Project Planning, Site Services.

# SATISFIED CUSTOMERS - WORLDWIDE

- STRABAG 

- ATLAS COPCO 

- ESTA 

- MAN ES 

- METSO OUTOTEC 

- LMF 

- CHRISTOF INDUSTRIES 

- VOITH 

- HAVER NIAGARA 

- CALORIC 

- CHEMIEANLAGENBAU 

- MUBEA 

- EMSLAND 

- FLOHE 

- SIEMENS 

- TETRA PAK 

- MONDI 

- a.m.o

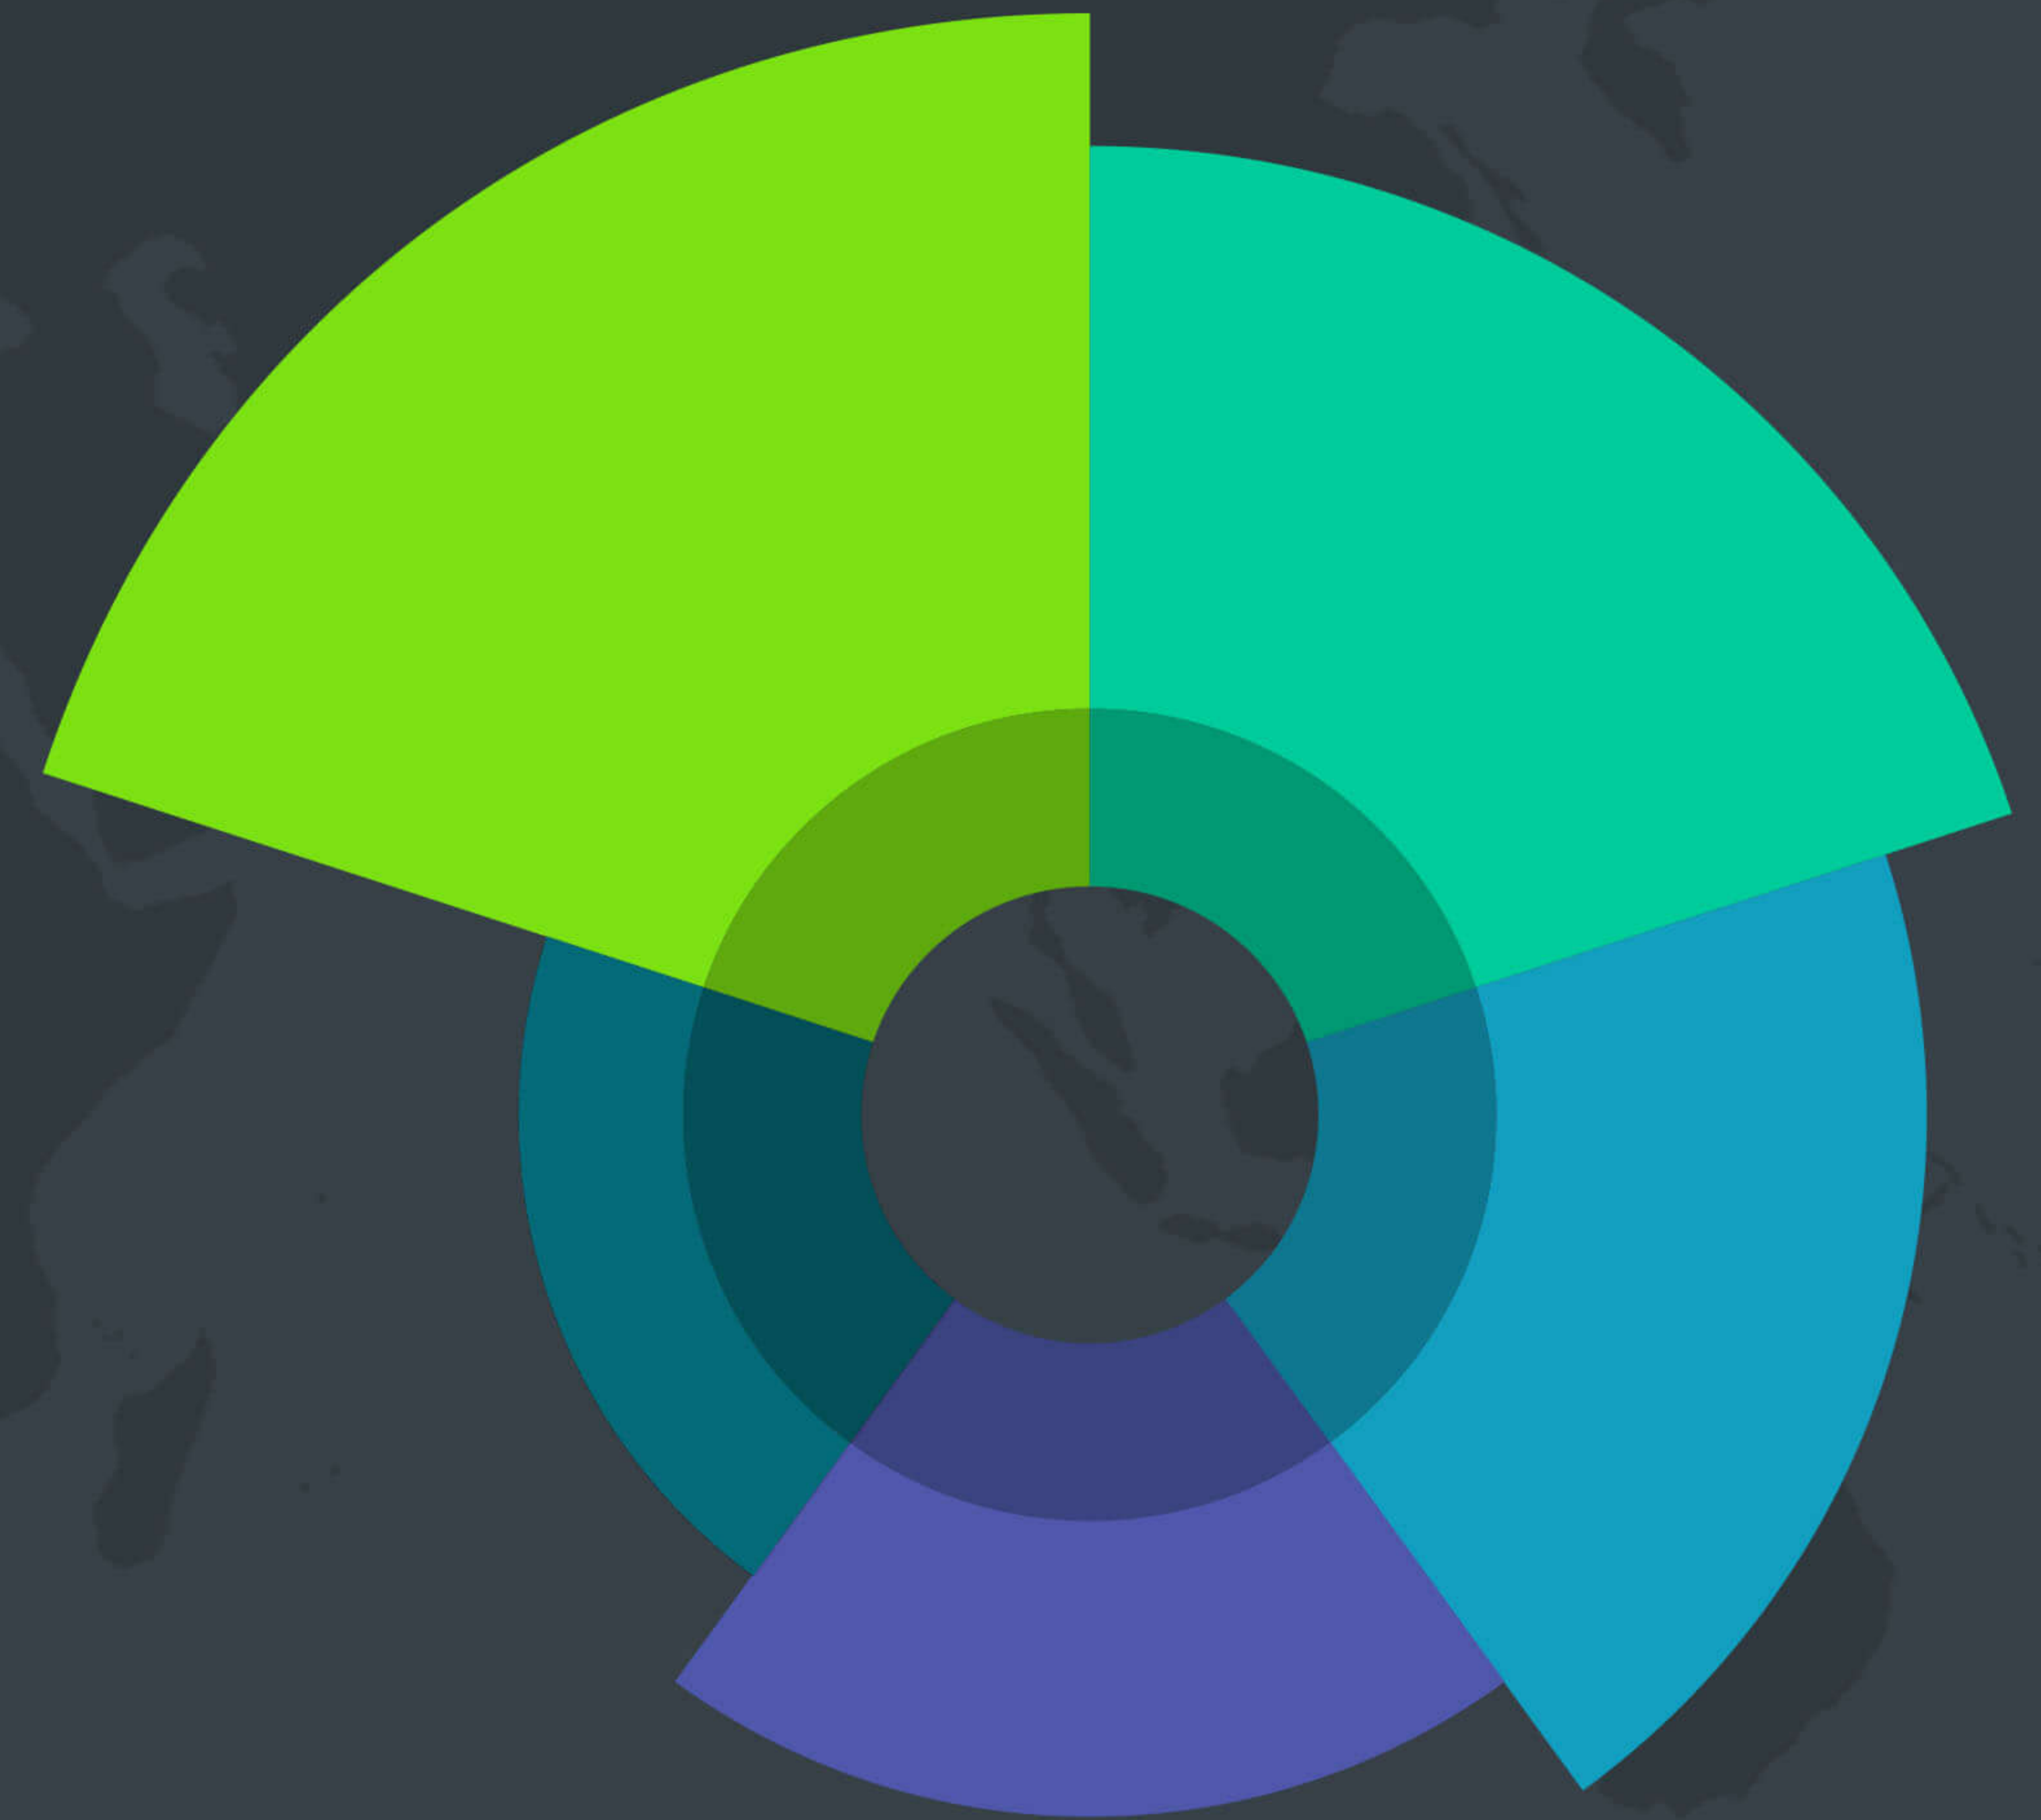

# MARKETS

## MAIN BRANCHES OF EGESIM

- **Energy plants** (Geothermal Energy, Biomass plants, Recycling, Hydroelectric, Wind and Sun energy plants)
- **Chemical Plants, Chemical Processes**
- **Paper**
- **Iron & Steel**
- **Waste Water Treatment Plants**

## MAIN REGIONS OF THE EGESIM GROUP

- **Region: Middle East**
- **Russia and CIS Countries**
- **North Africa**
- **Europe**
- **Rest of The World**

# CONSICELY

- Production of electrical Low Voltage Panels
- Production of Siemens Sivacon S8 Distribution Panels
- Production of Control Cabintes, MCC Panels and VFD Panels
- Production of air-isolated Medium Voltage Panels (typetested)
- Services: Engineering, Project Planning, Calculations, Documentations
- Software Tools: Eplan, Elcad, Autocad, Simaris S8 Software
- International project management
- Visualisation: Siemens HMI, WinCC
- Automation: Siemens Simatic S7

SIVACON

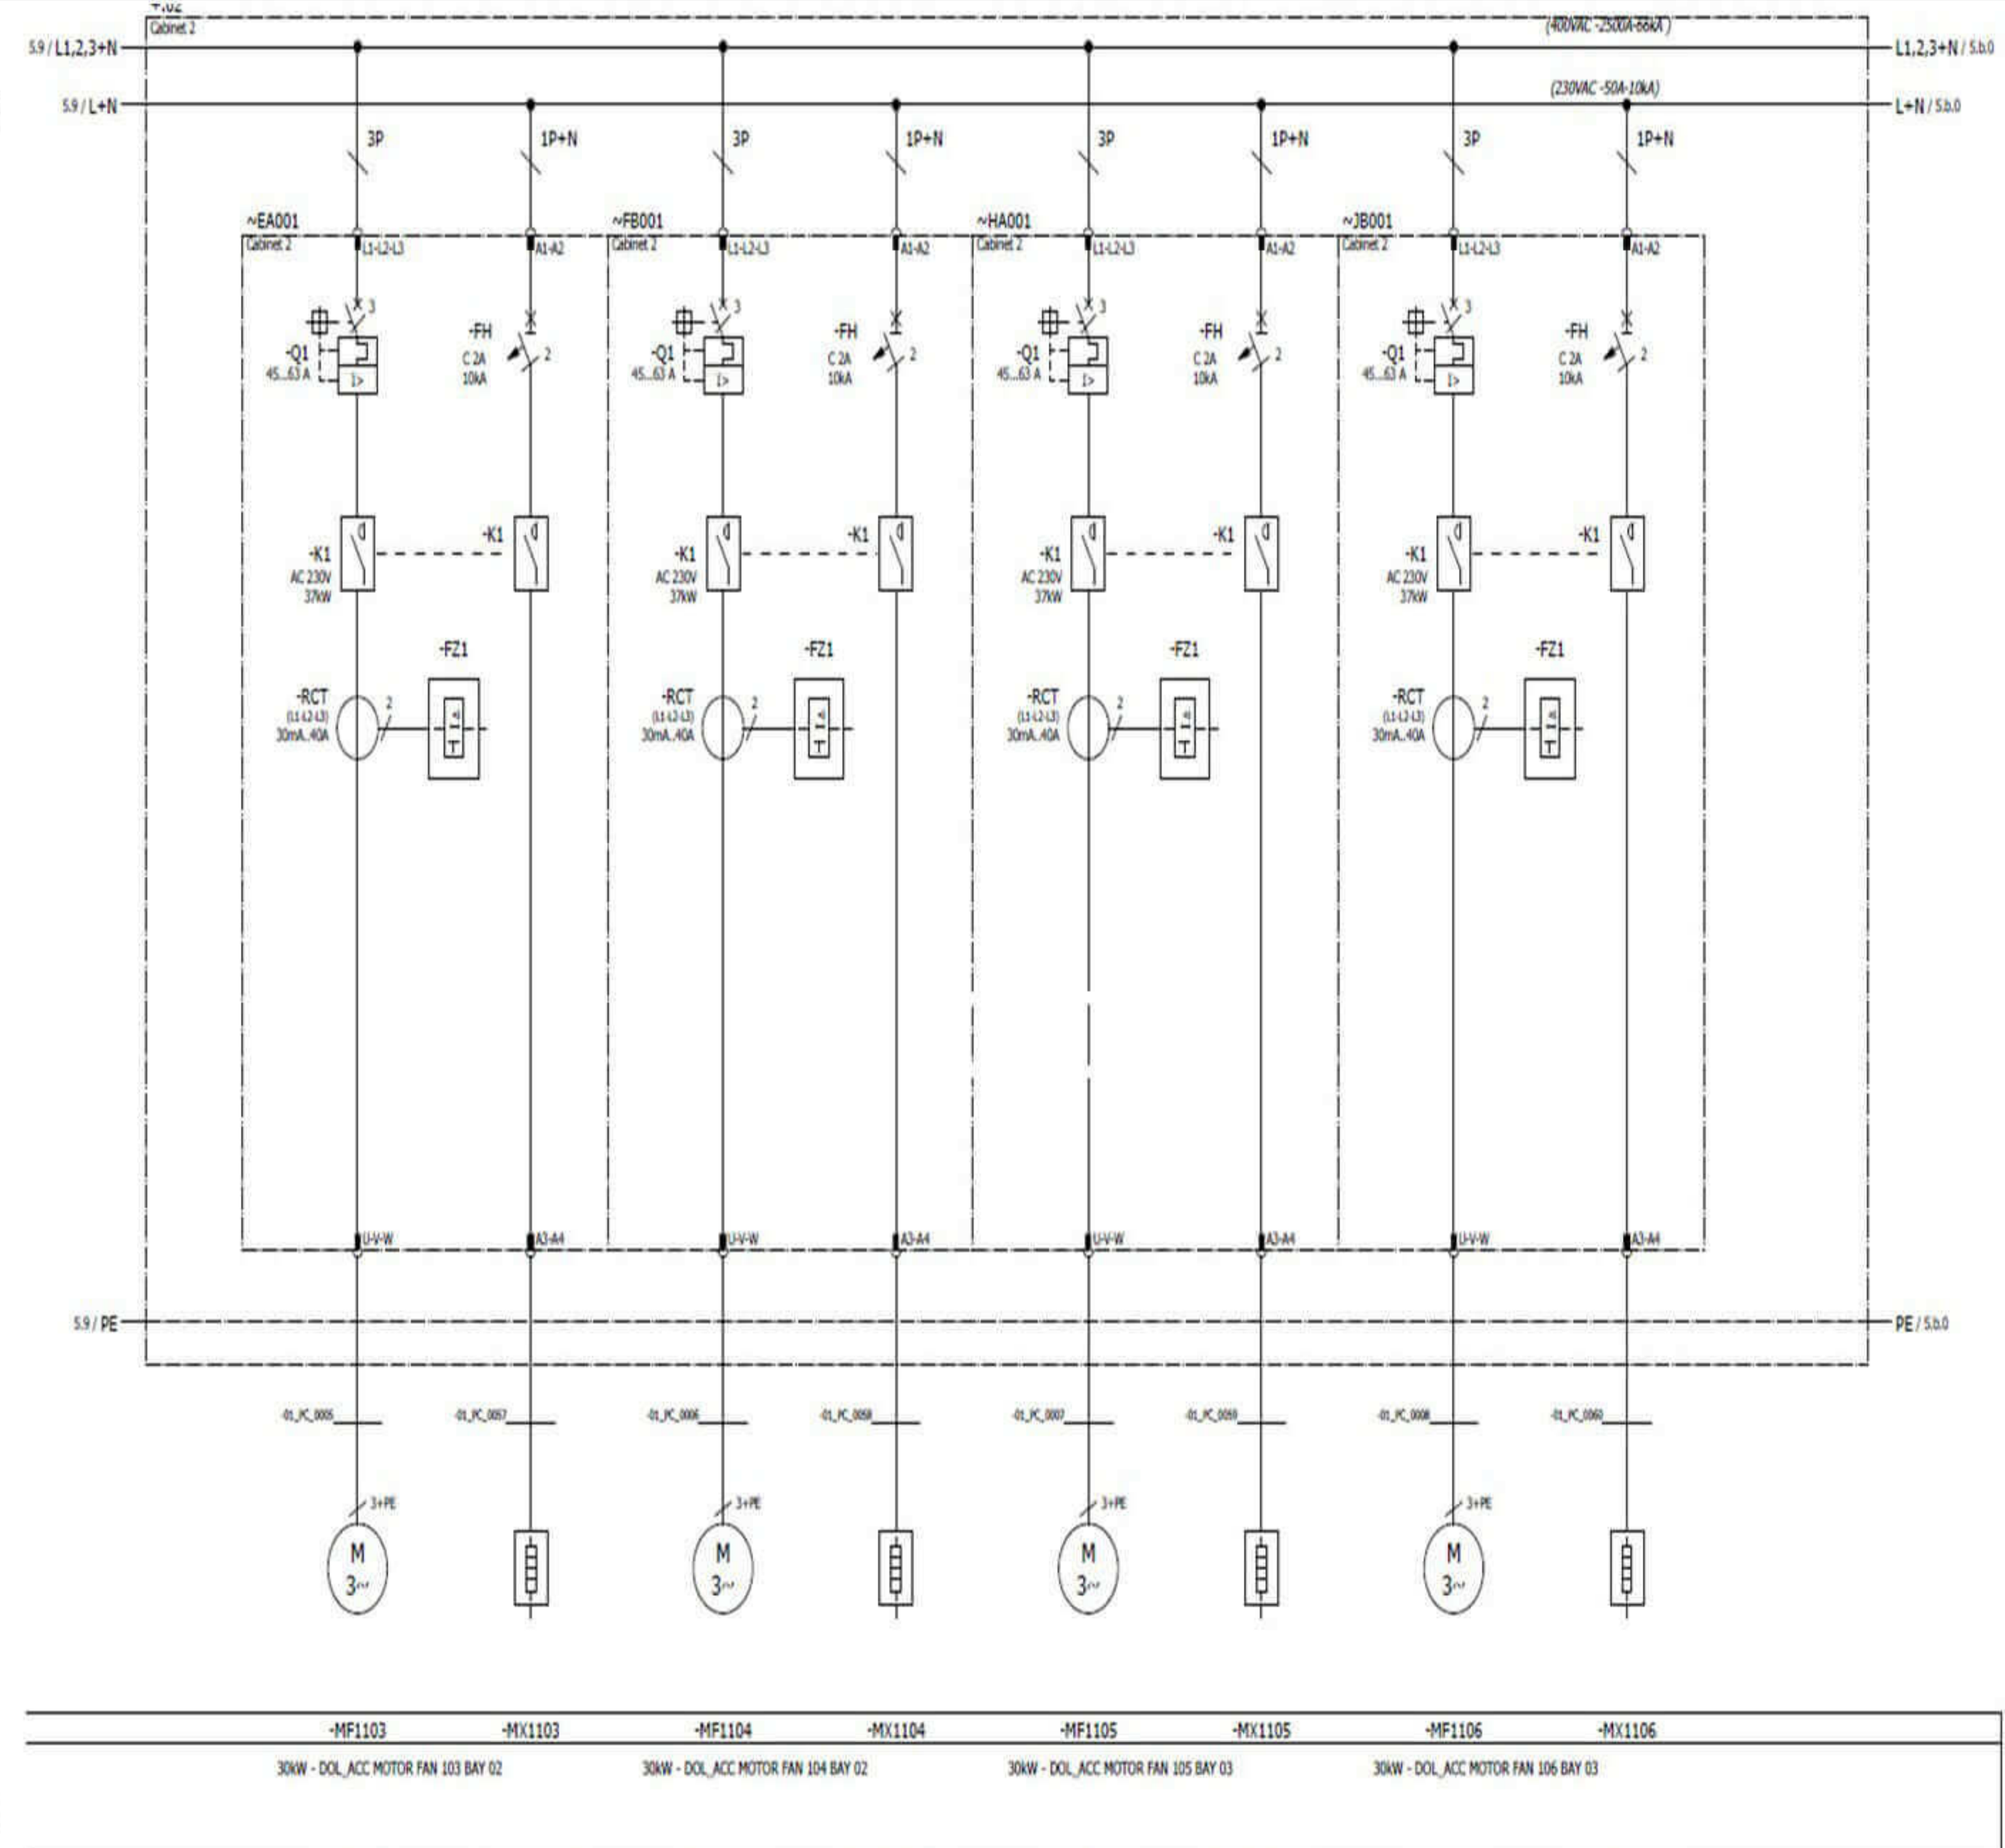

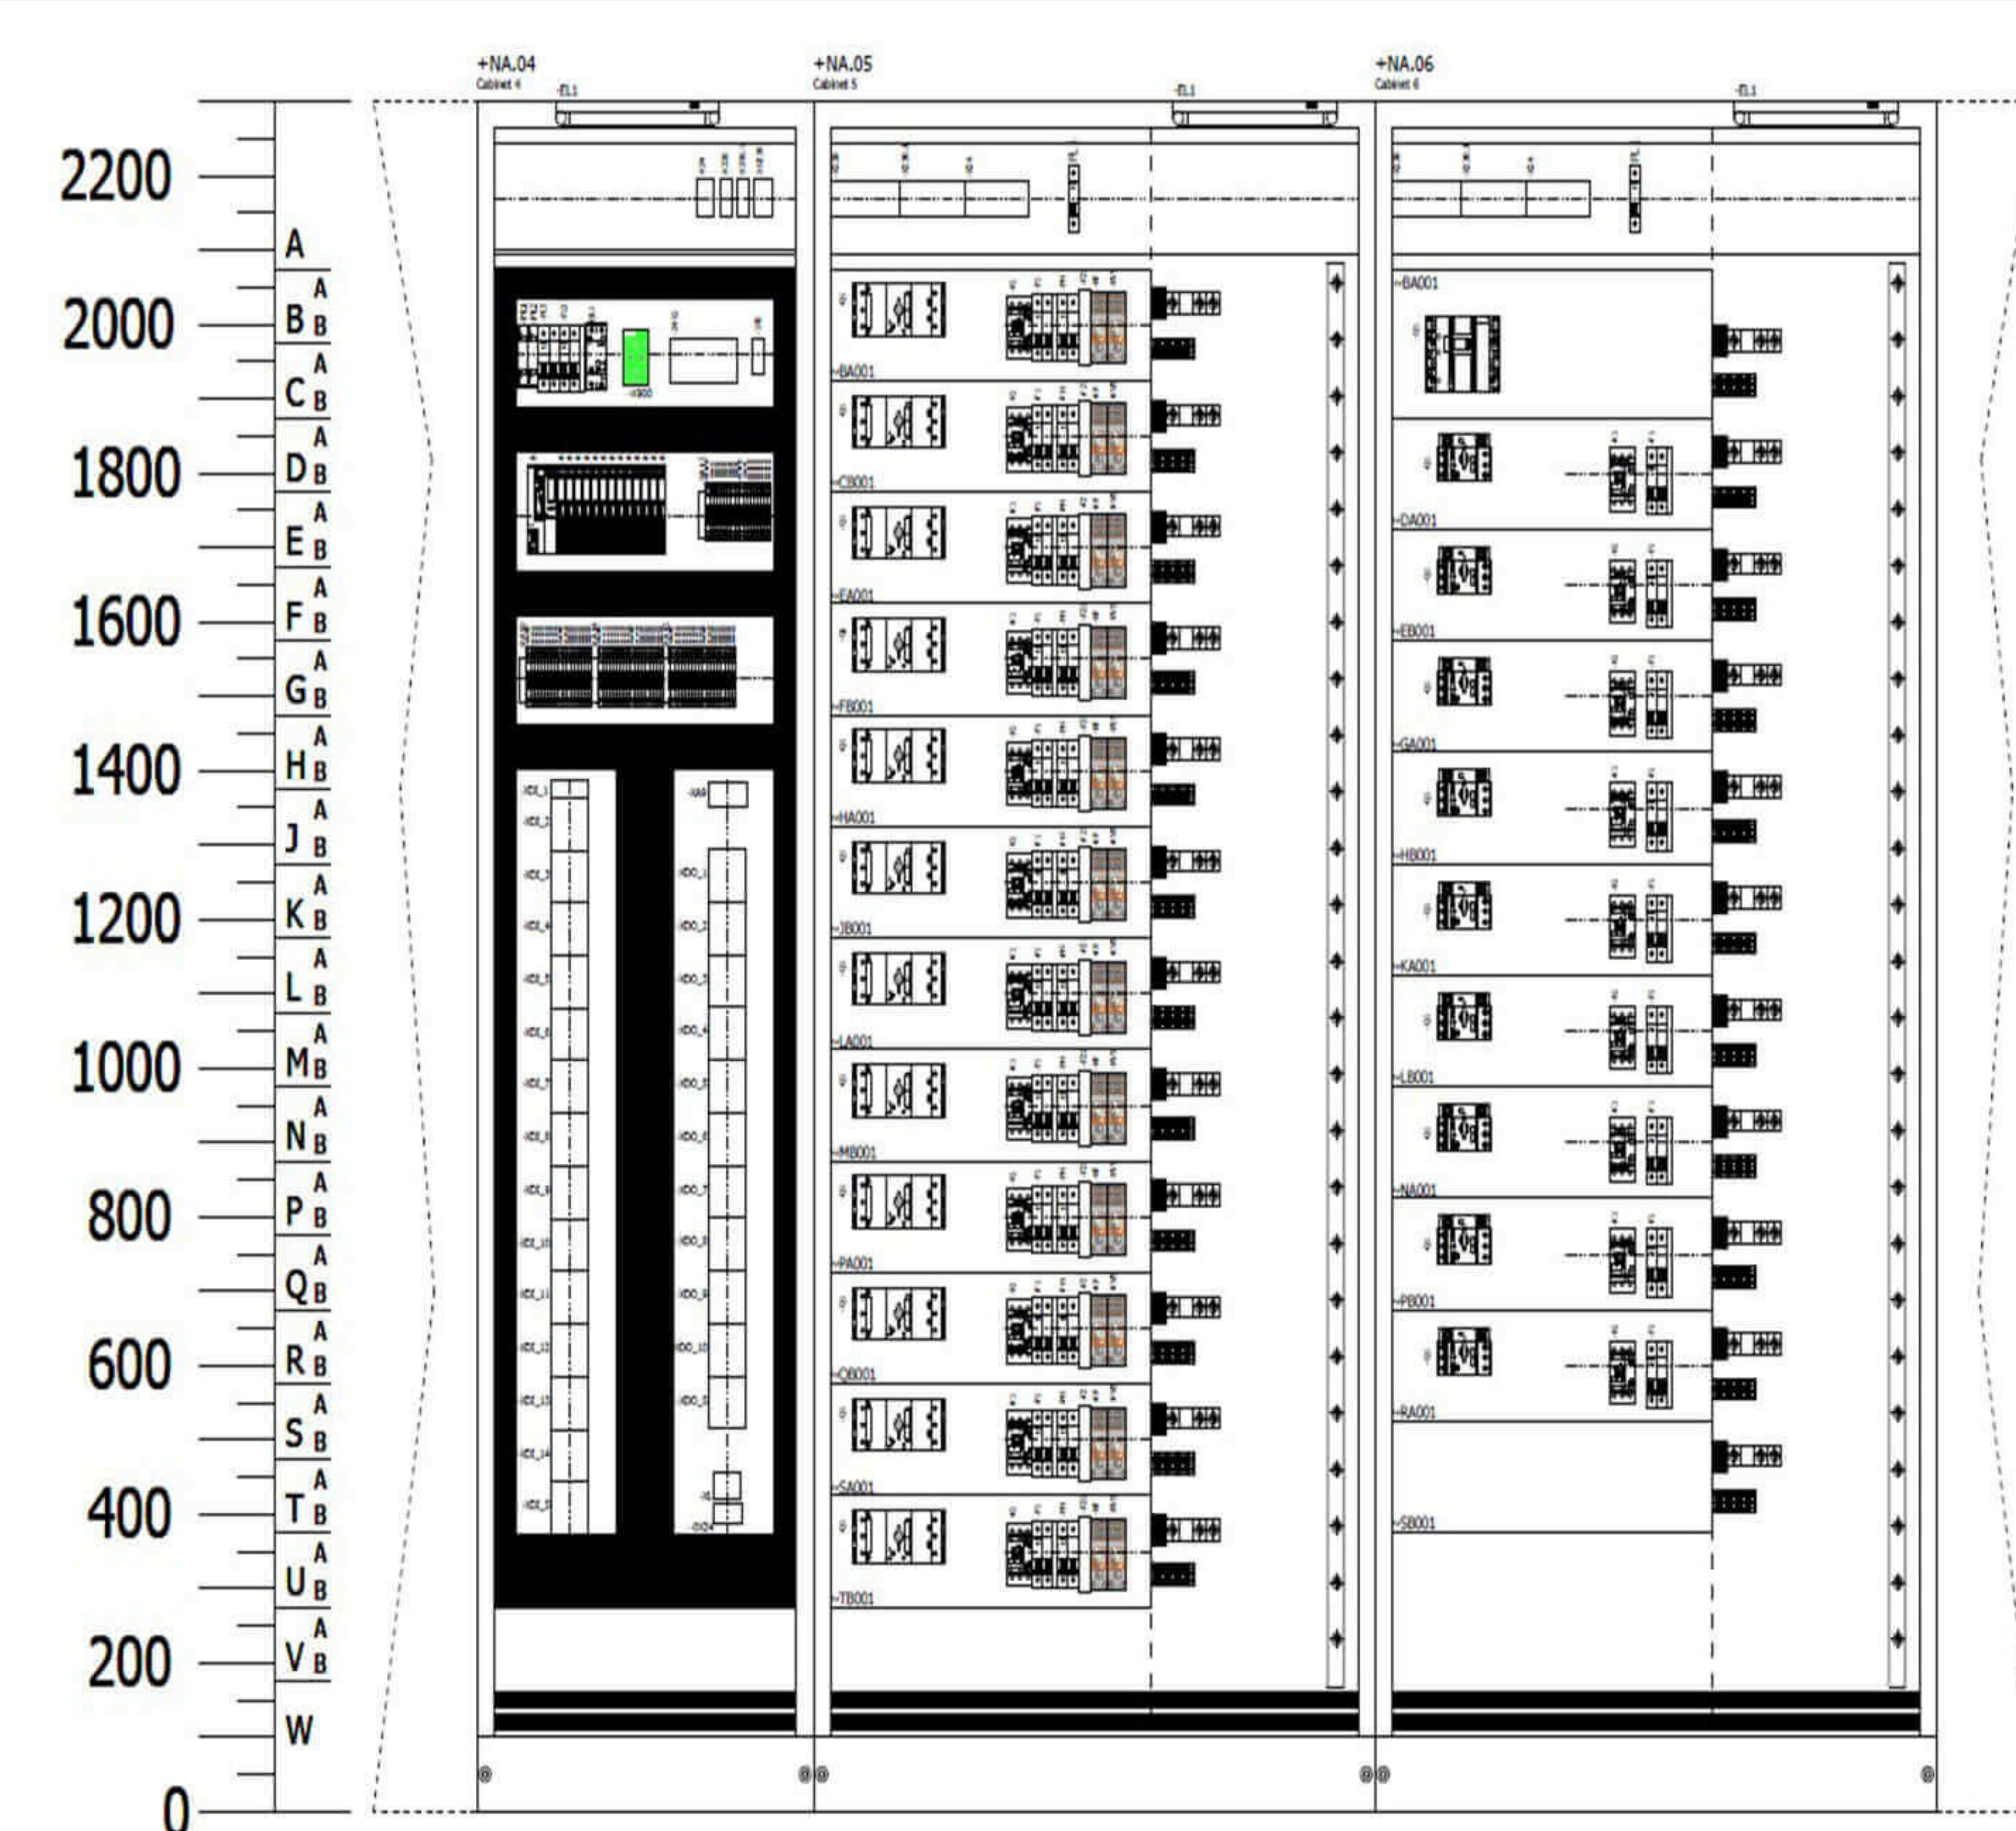

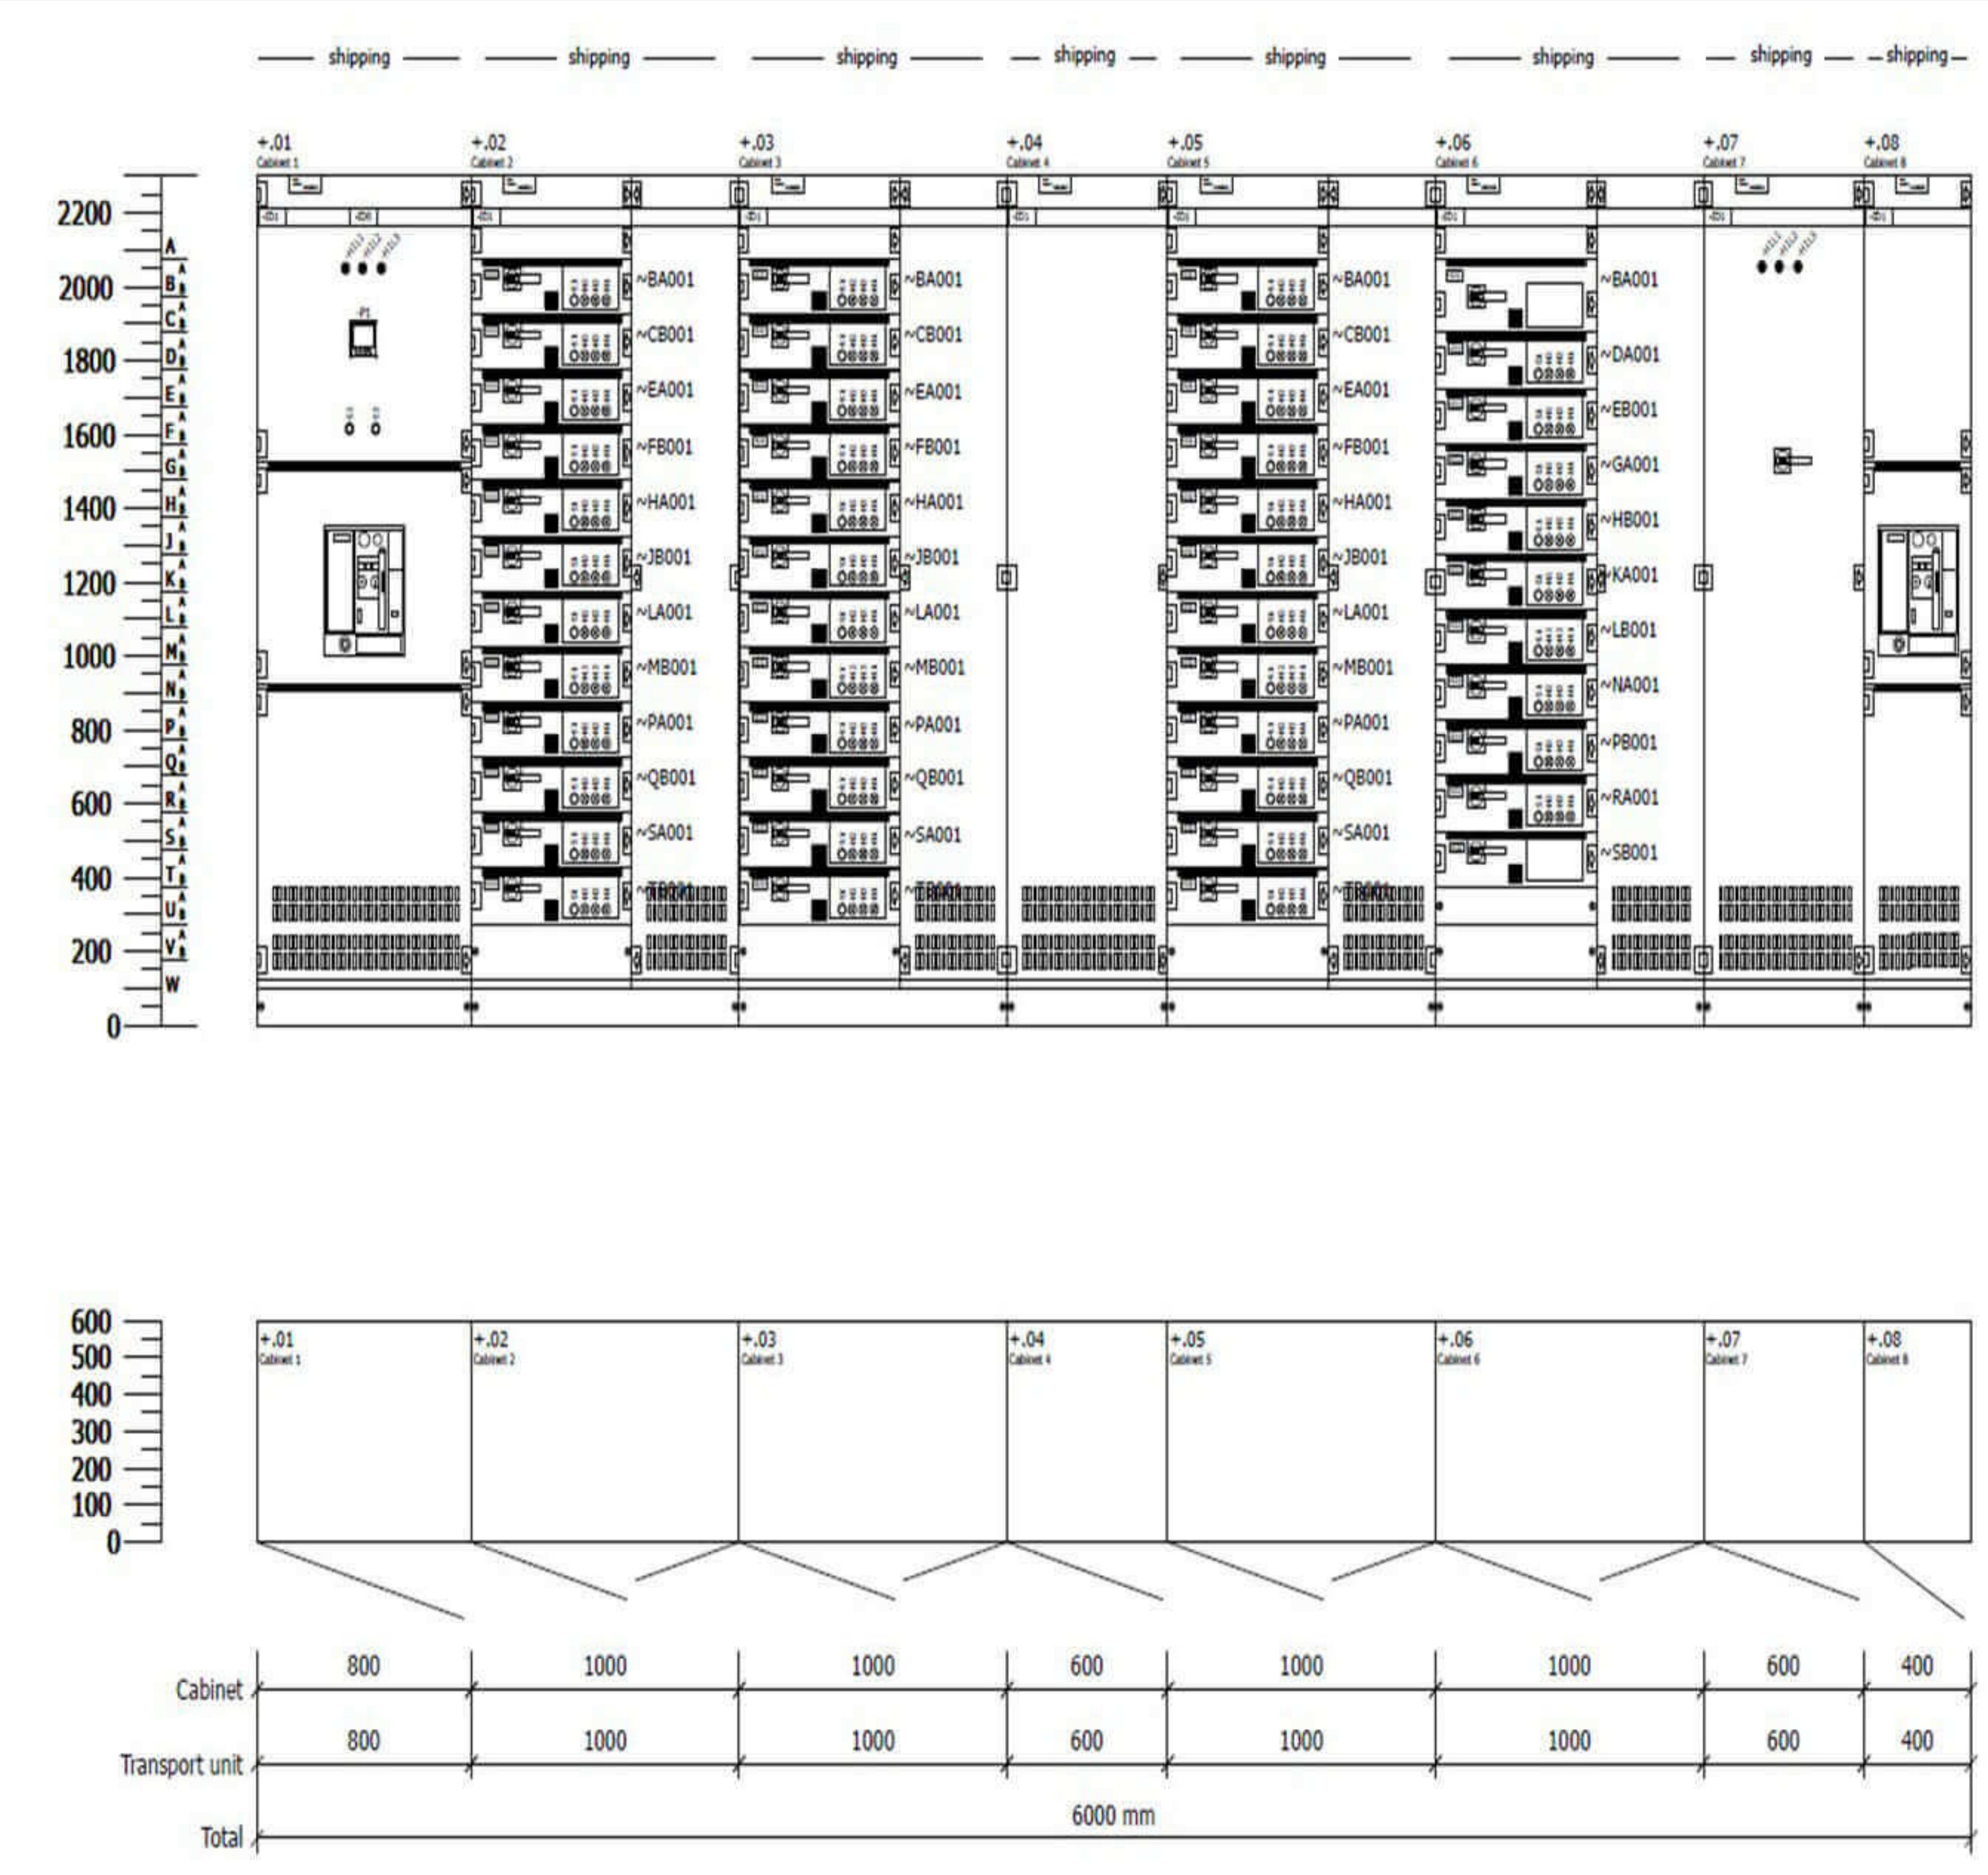

Technology  
Partner

SIEMENS

# ENGINEERING, PLANNING, PROJECT DESIGNING SERVICES

VFD Panels, also for Large Drive Systems (up to 2.7MW)

Control Panels

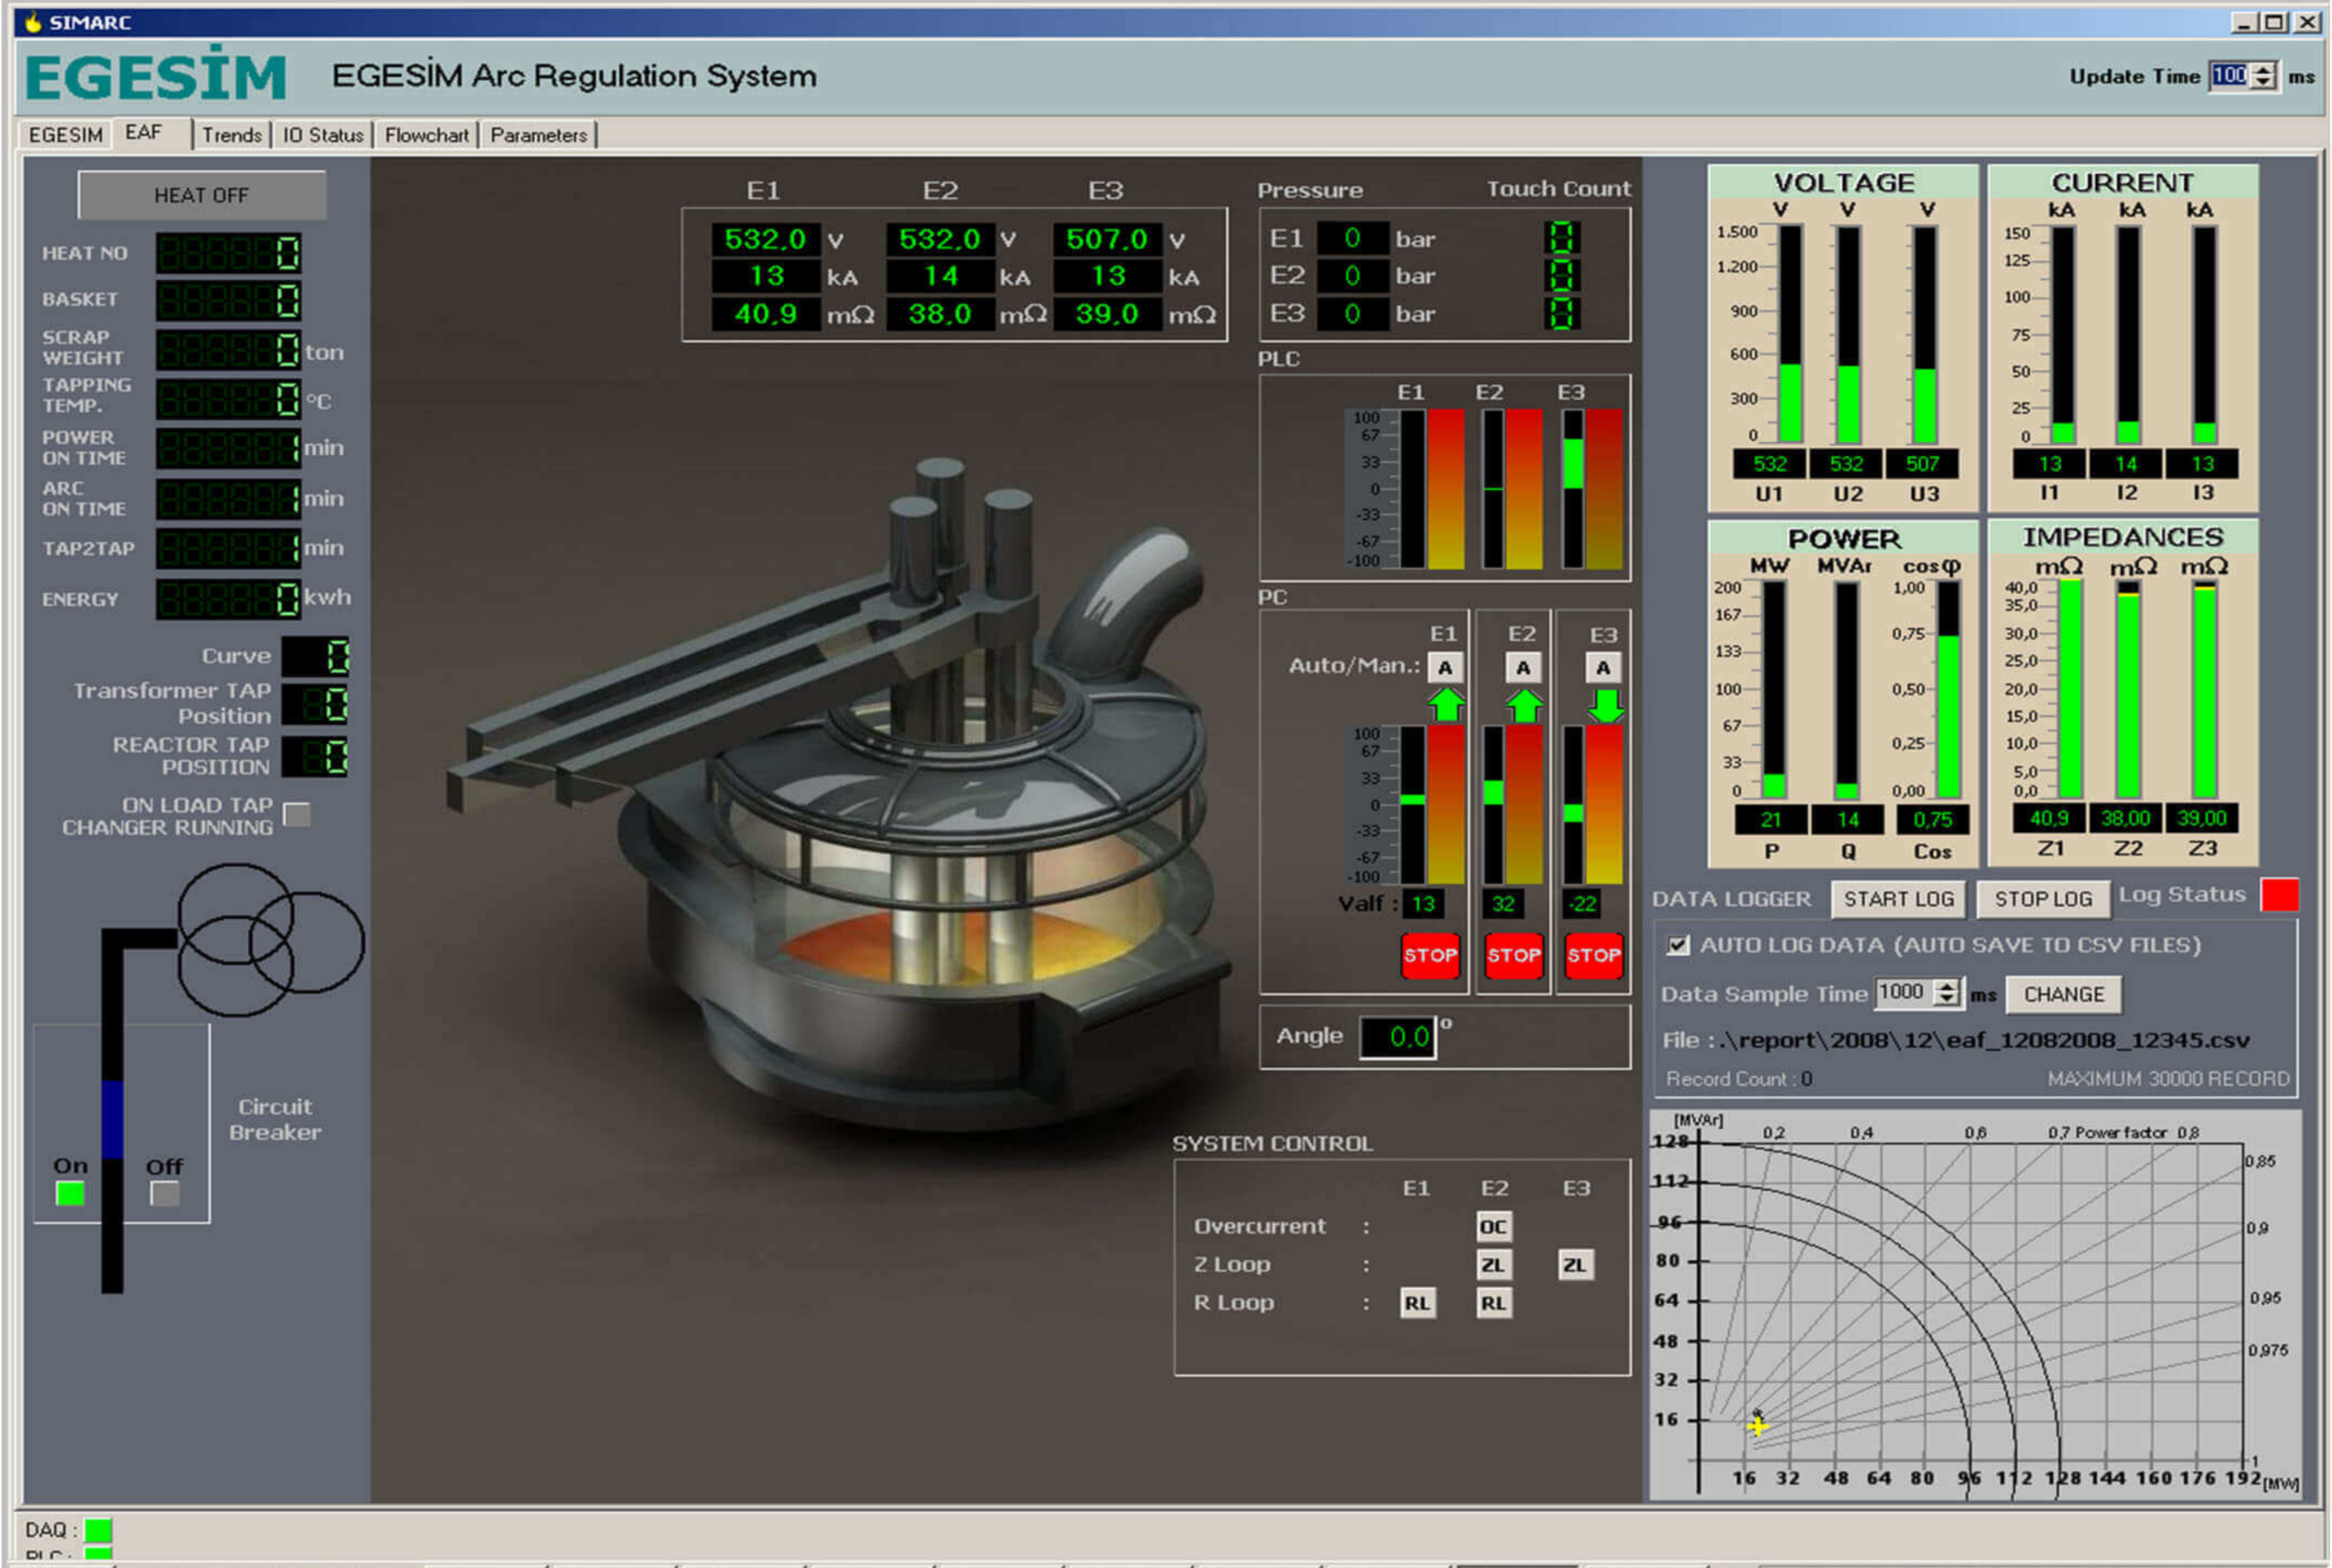

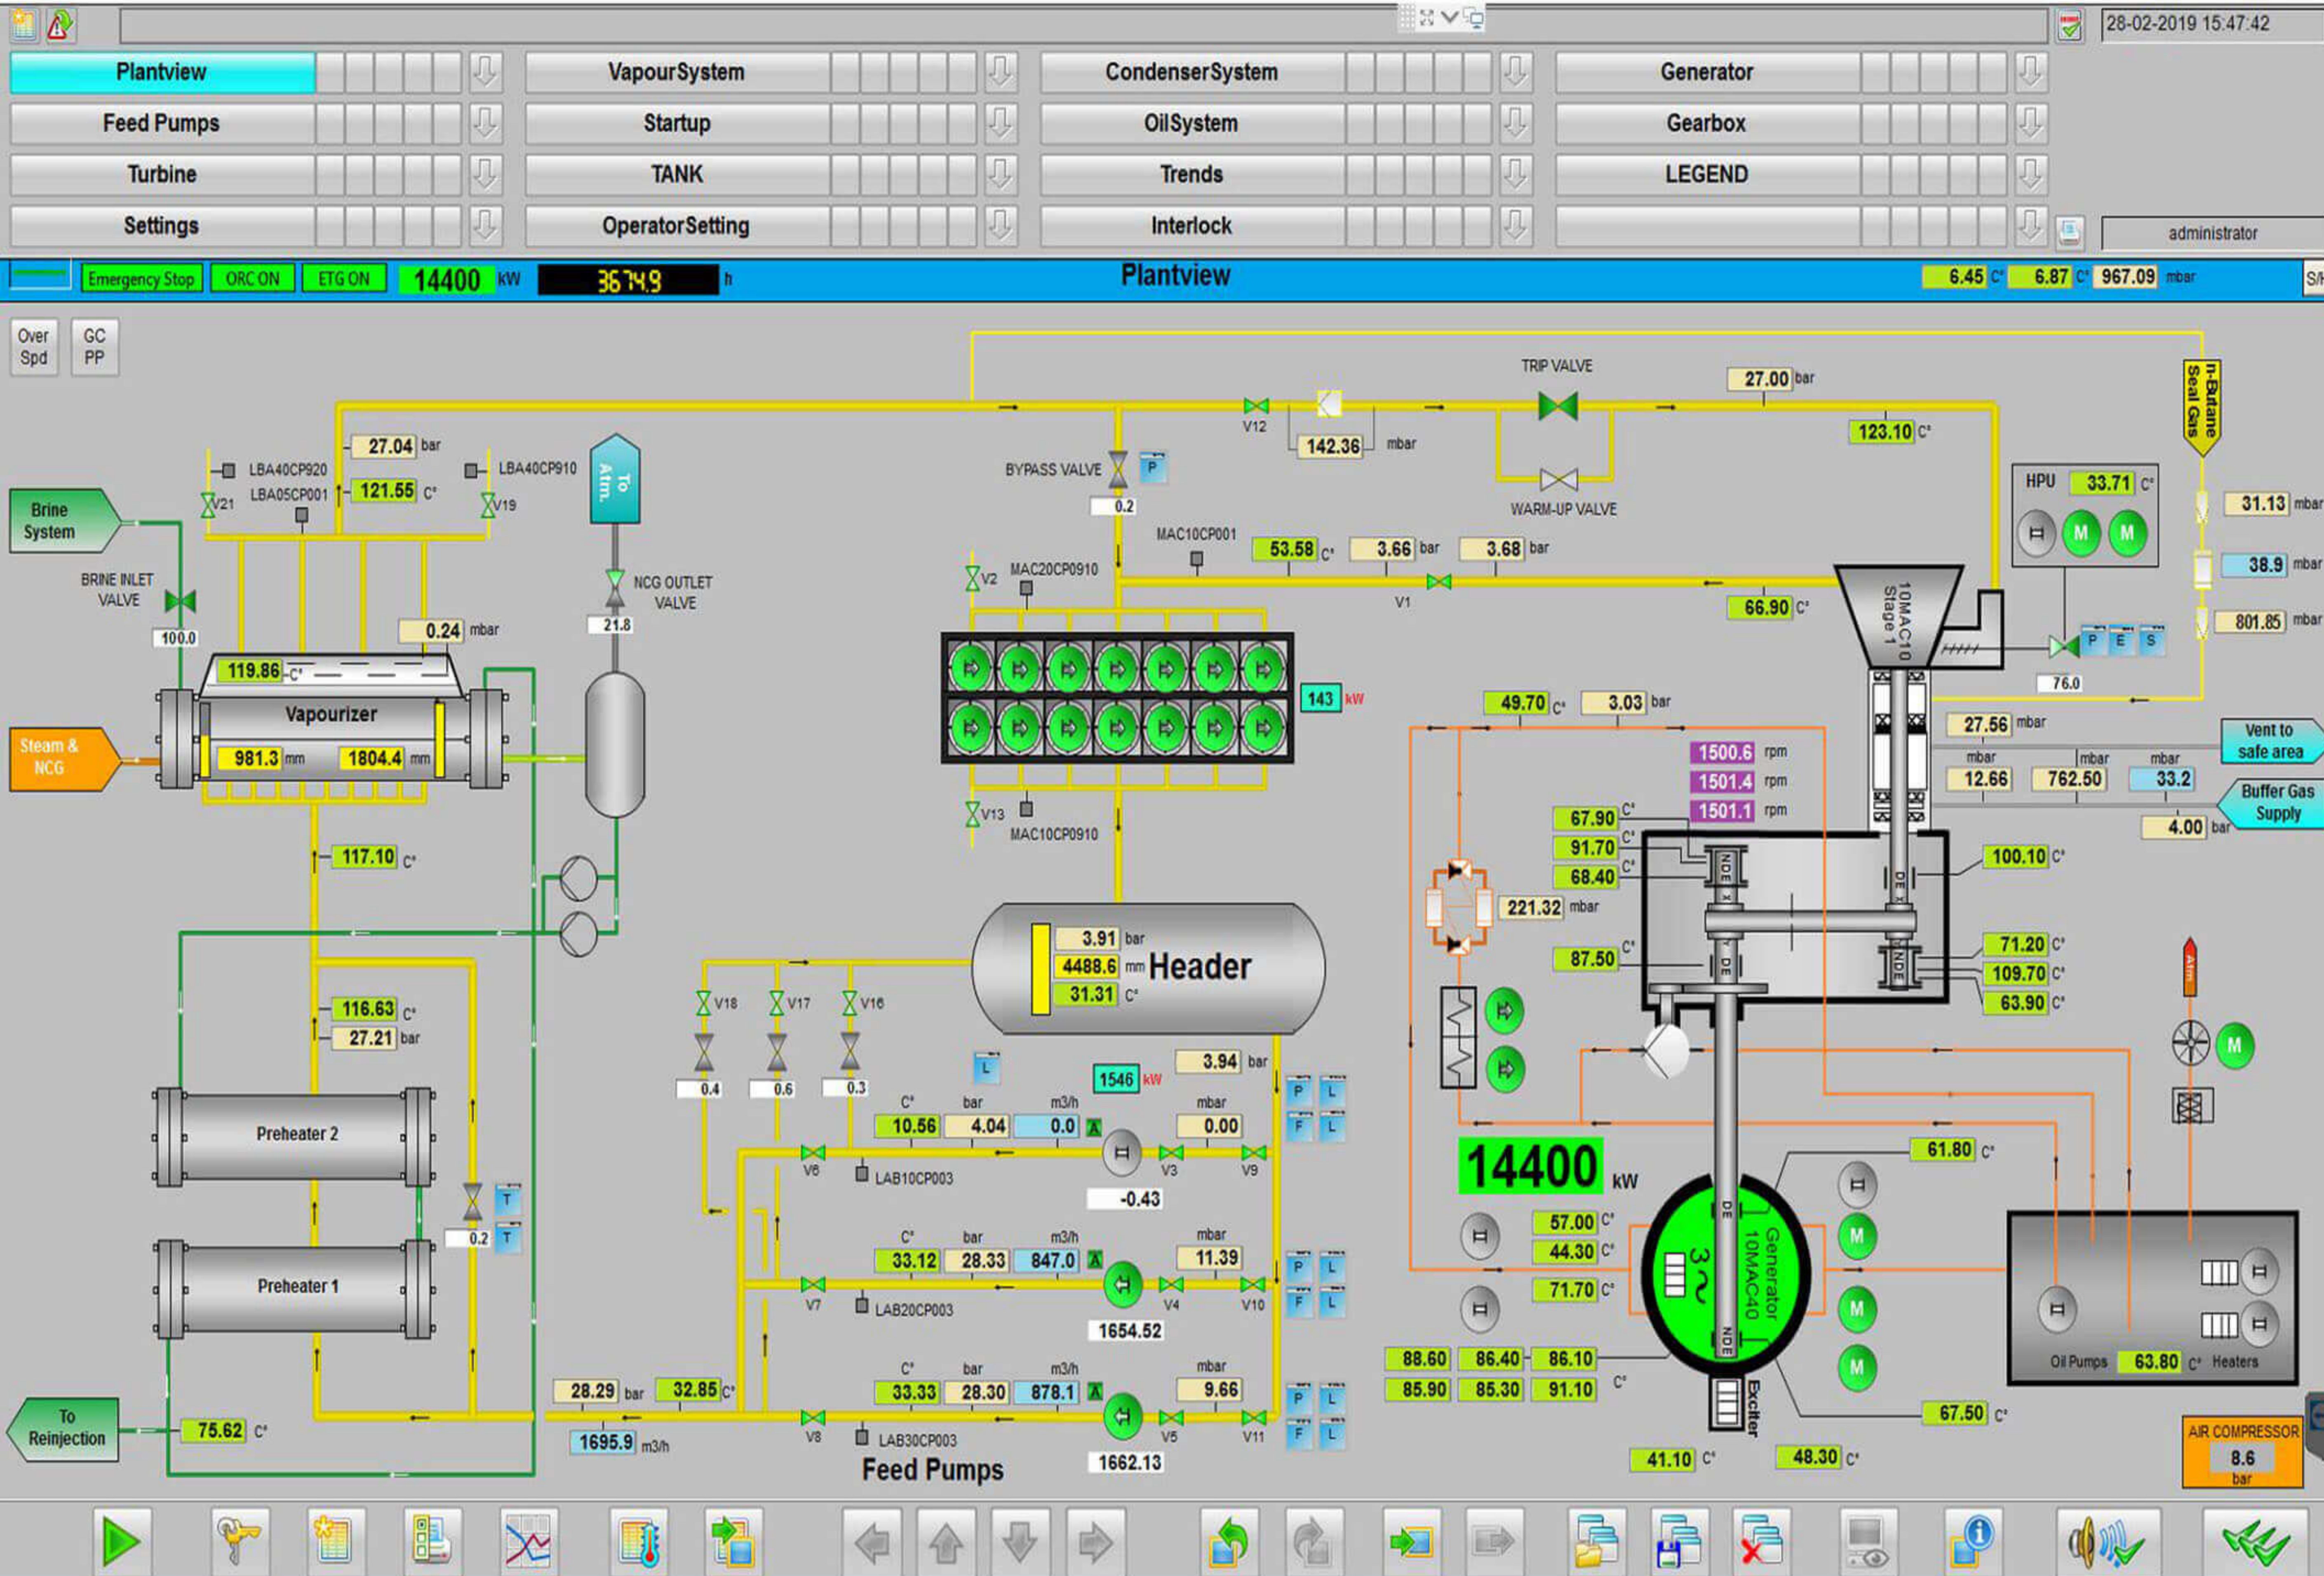

# PRODUCTION

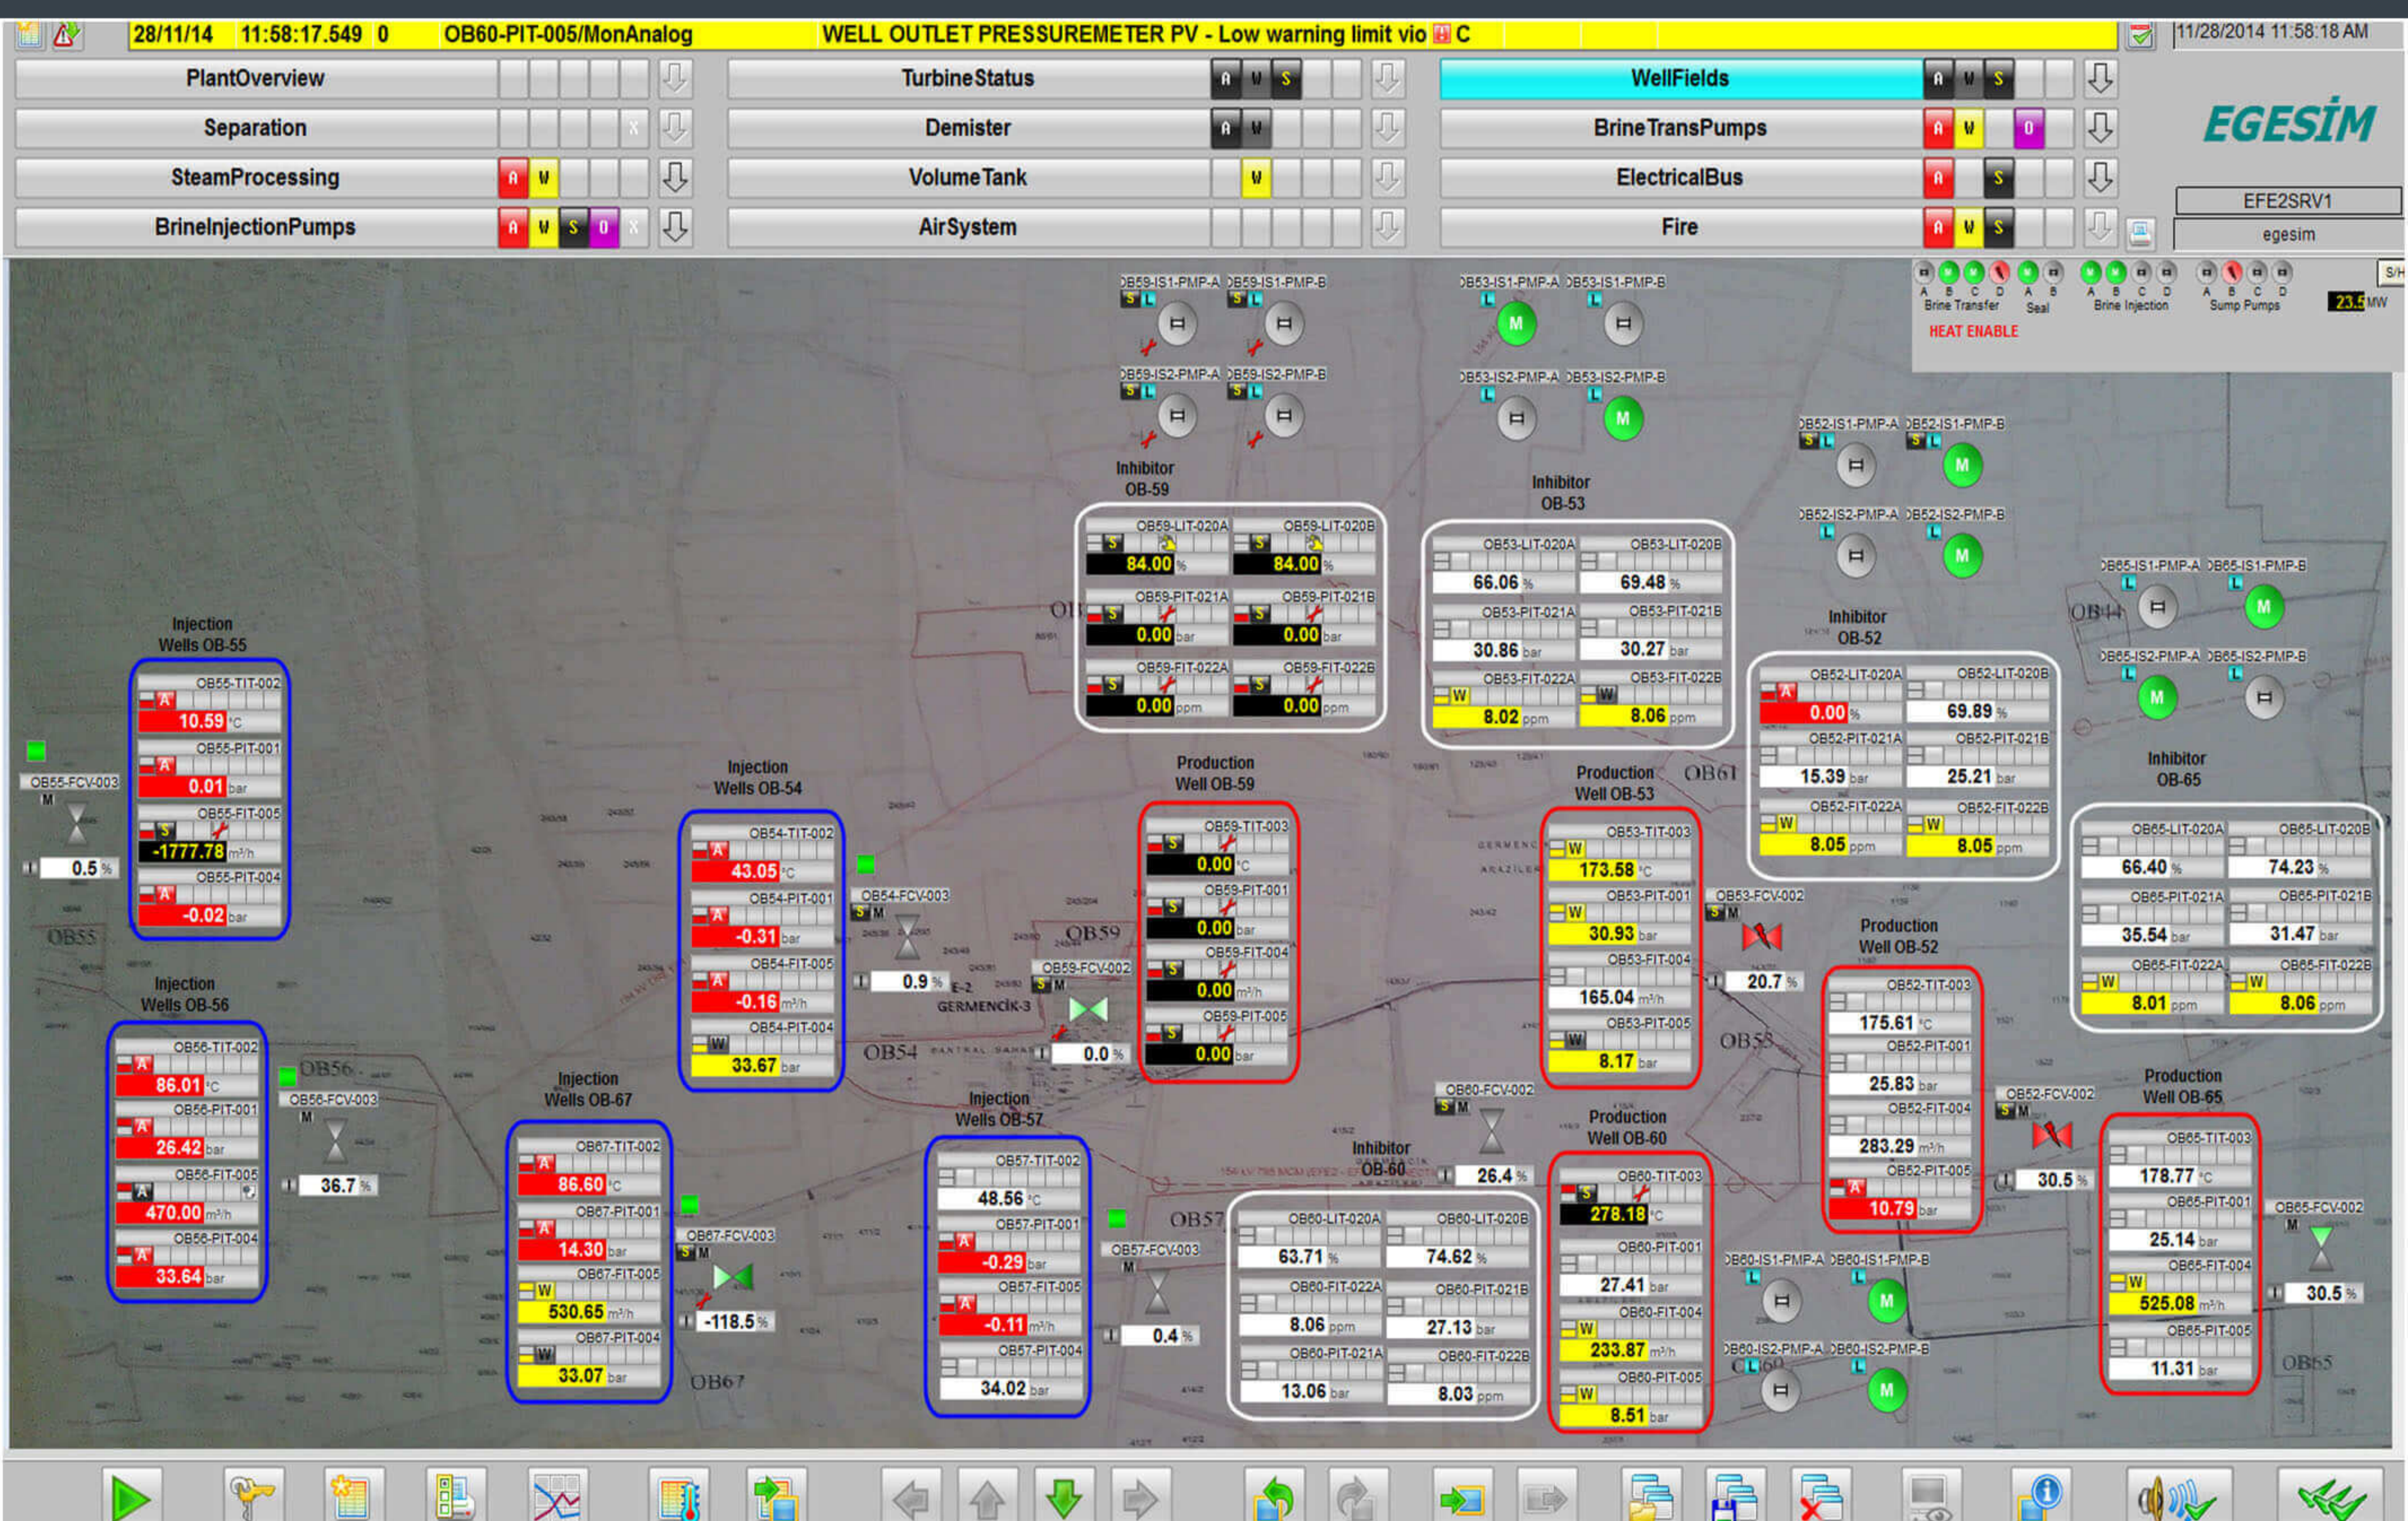

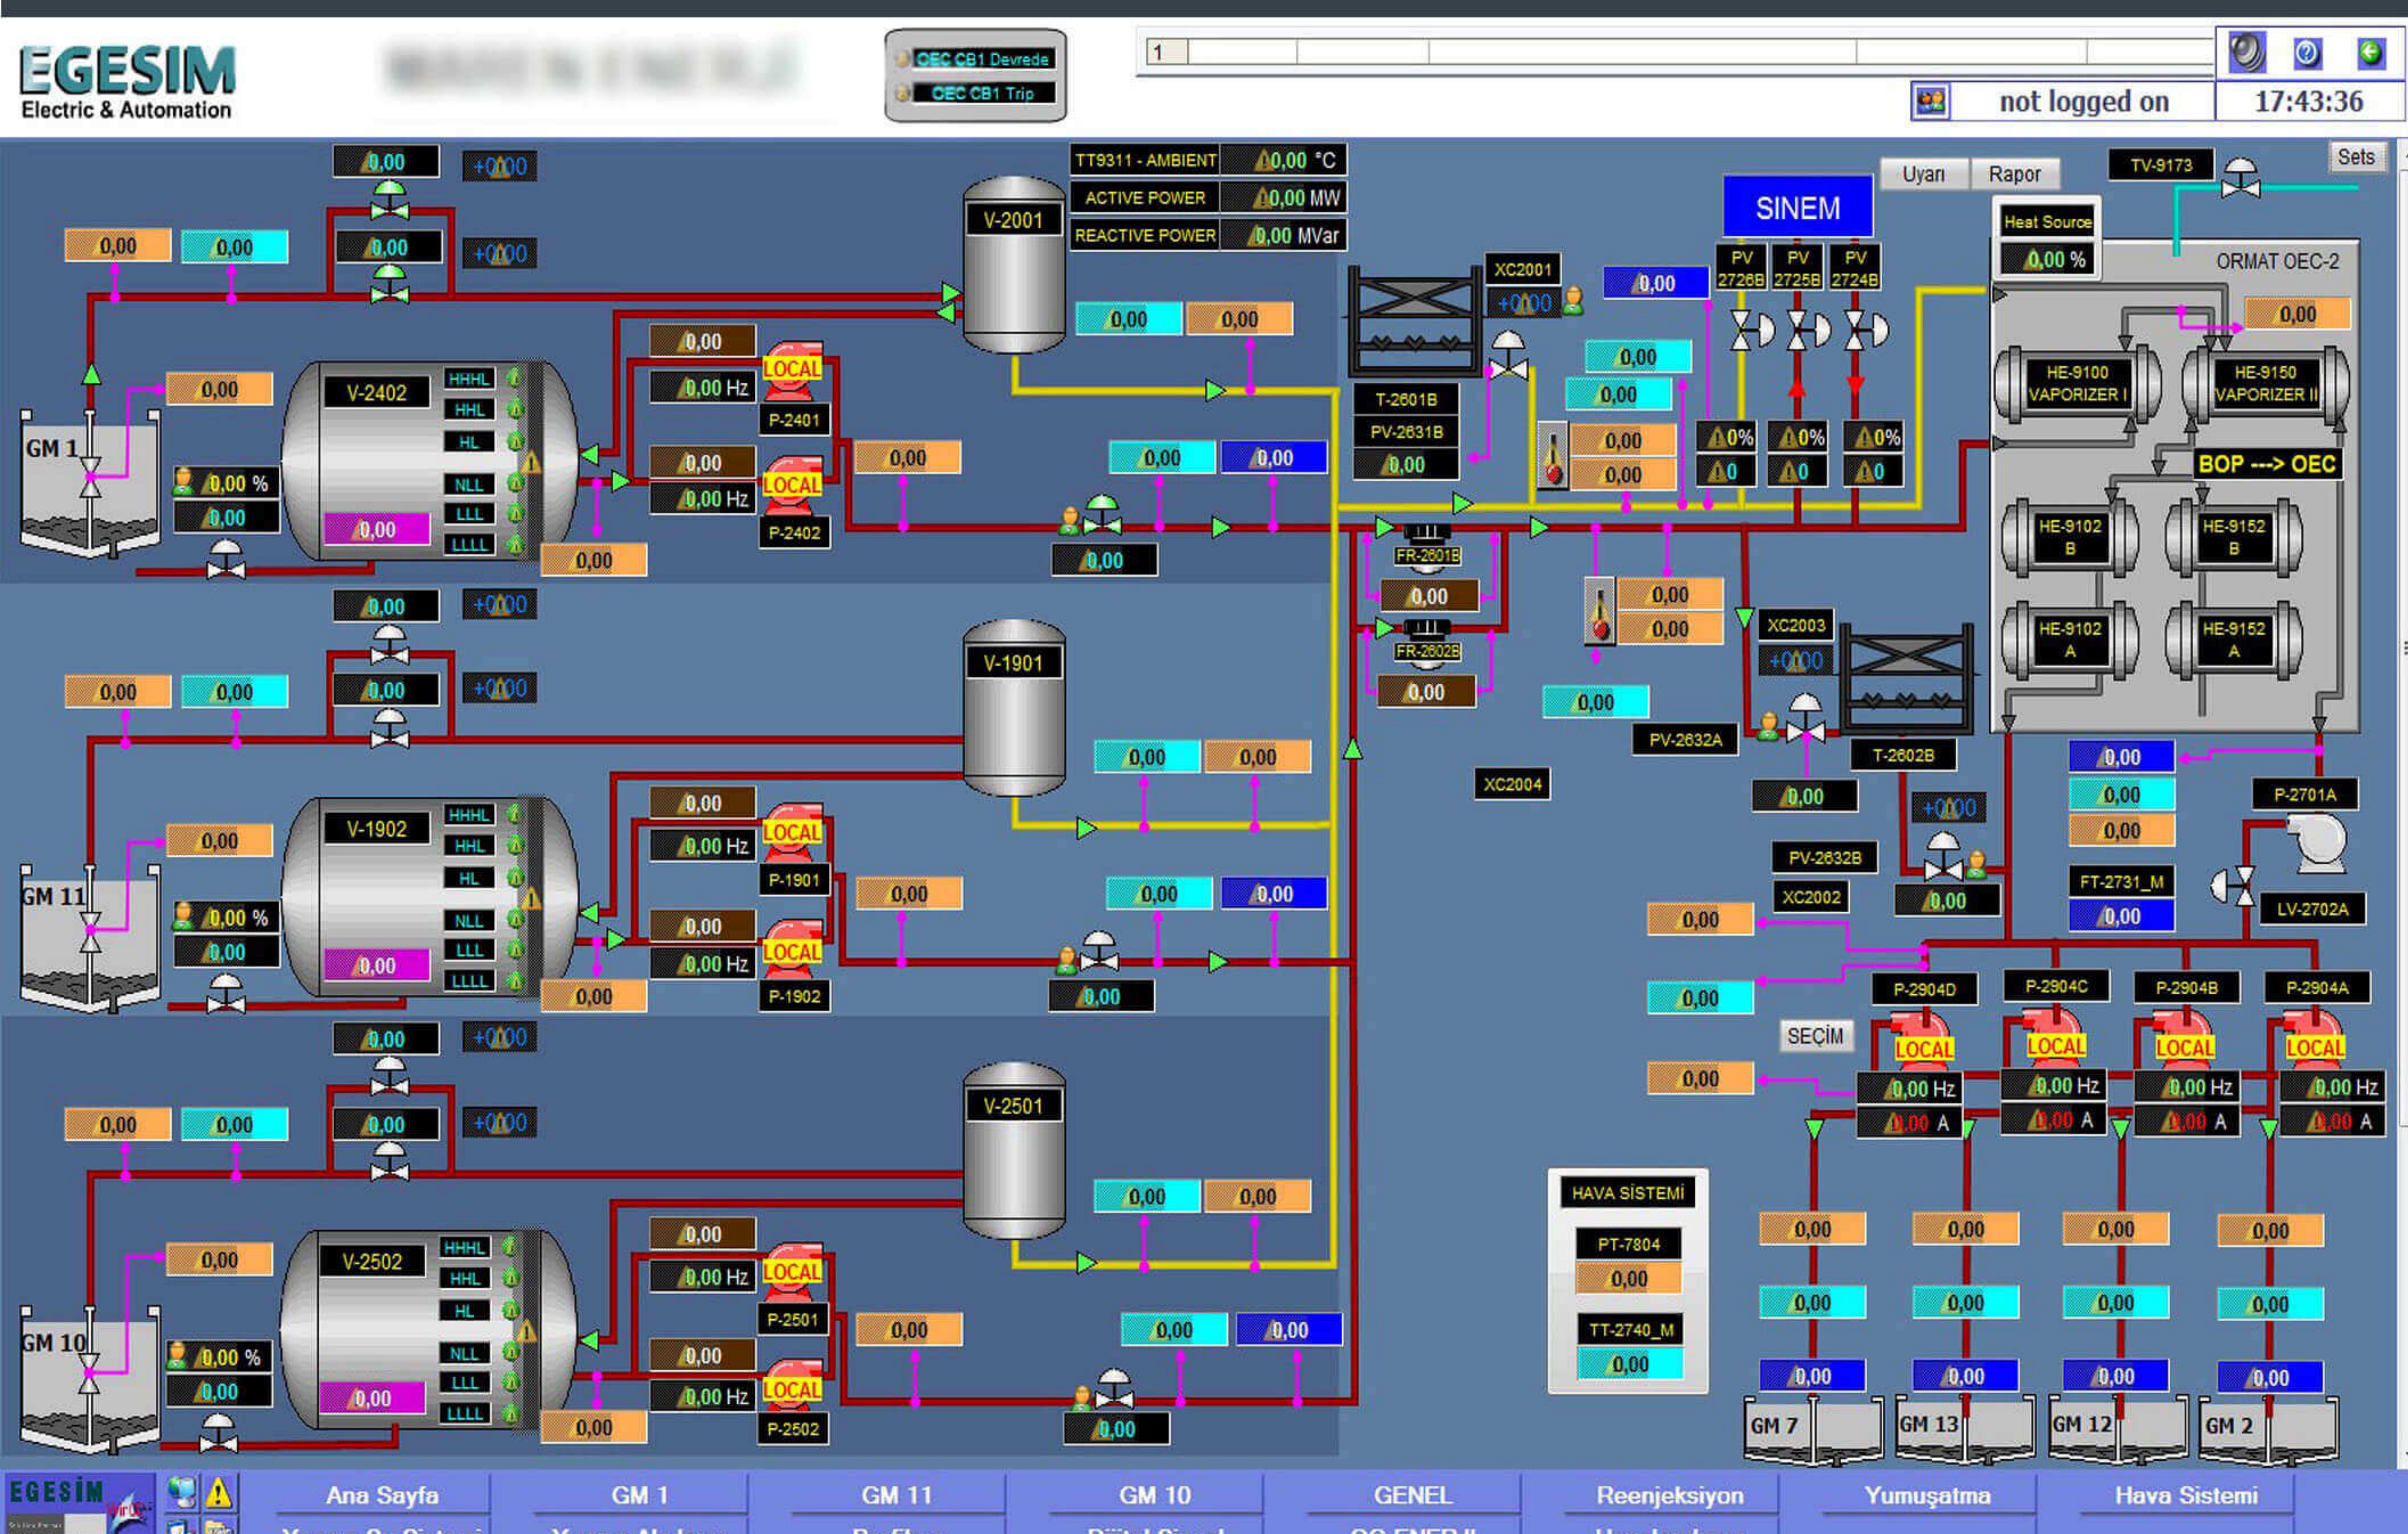

Siemens Sivacon S8 Distribution Panels, MCC-Panels

Medium Voltage Switchgear Systems

# SOFTWARE ENGINEERING - SIEMENS PCS7

Cabling

Erection

## INSTALLATION, MECHANICAL SETUP AND COMMISSIONING SERVICES

Installation at site

Commissioning

**Cement Industry**

**Wastewater Treatment Plants**

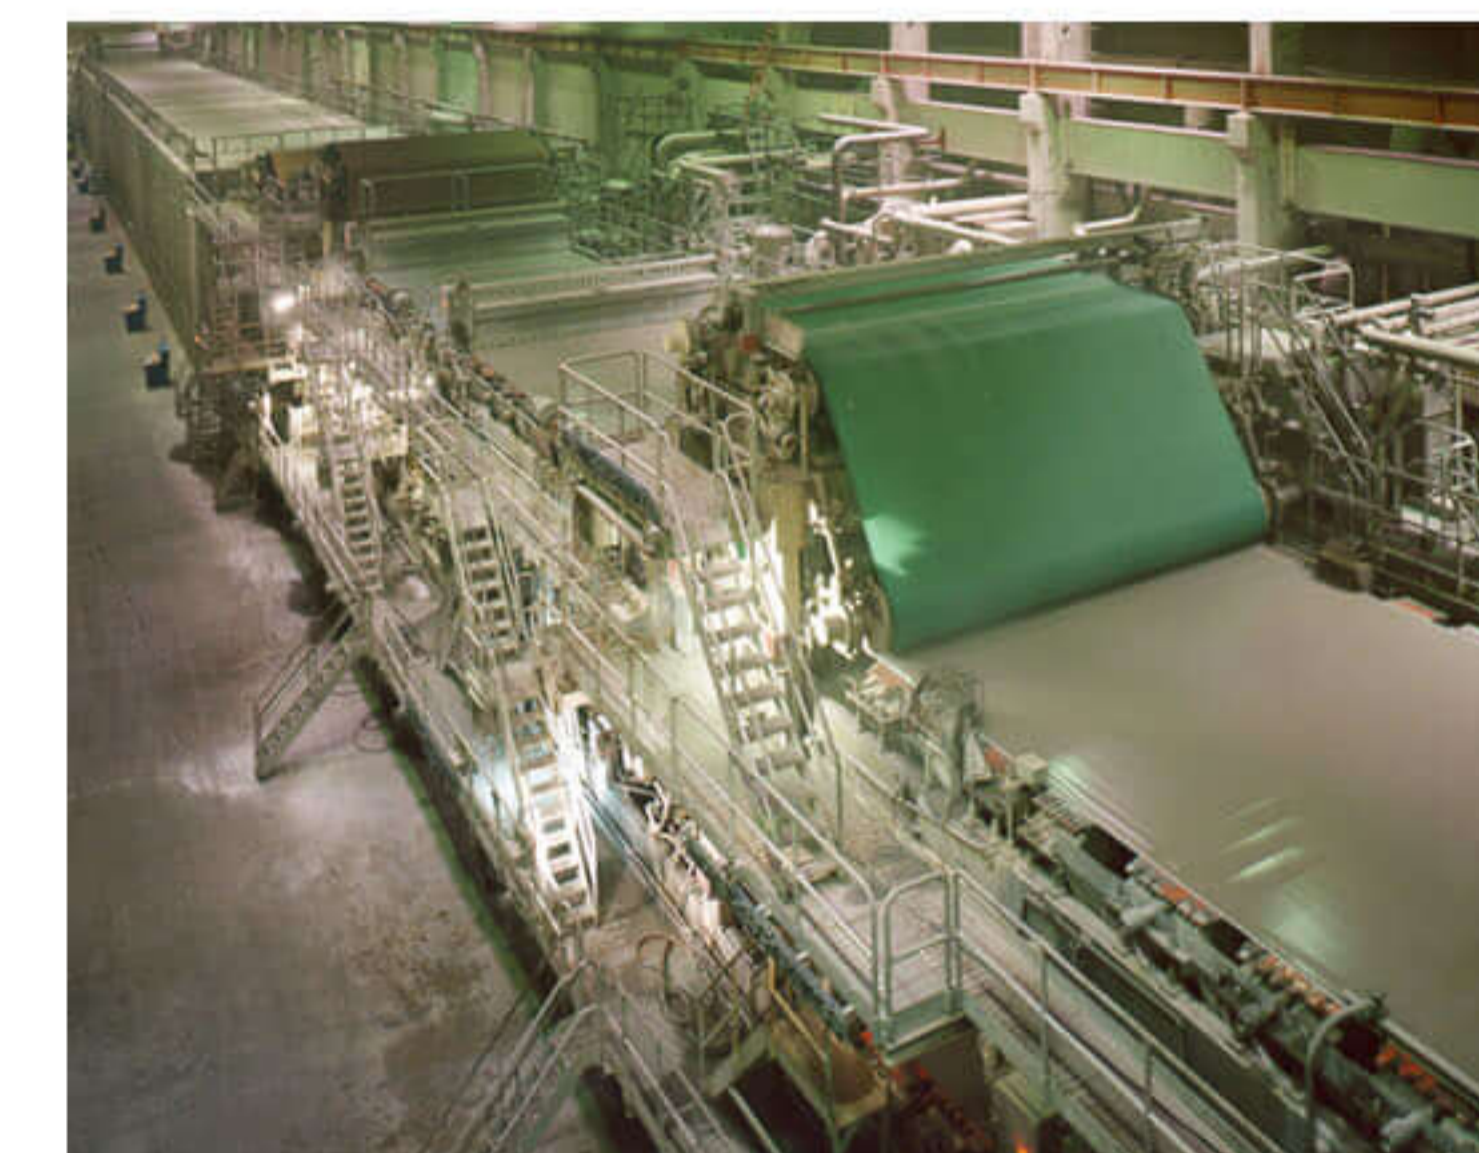

**Glass Industry**

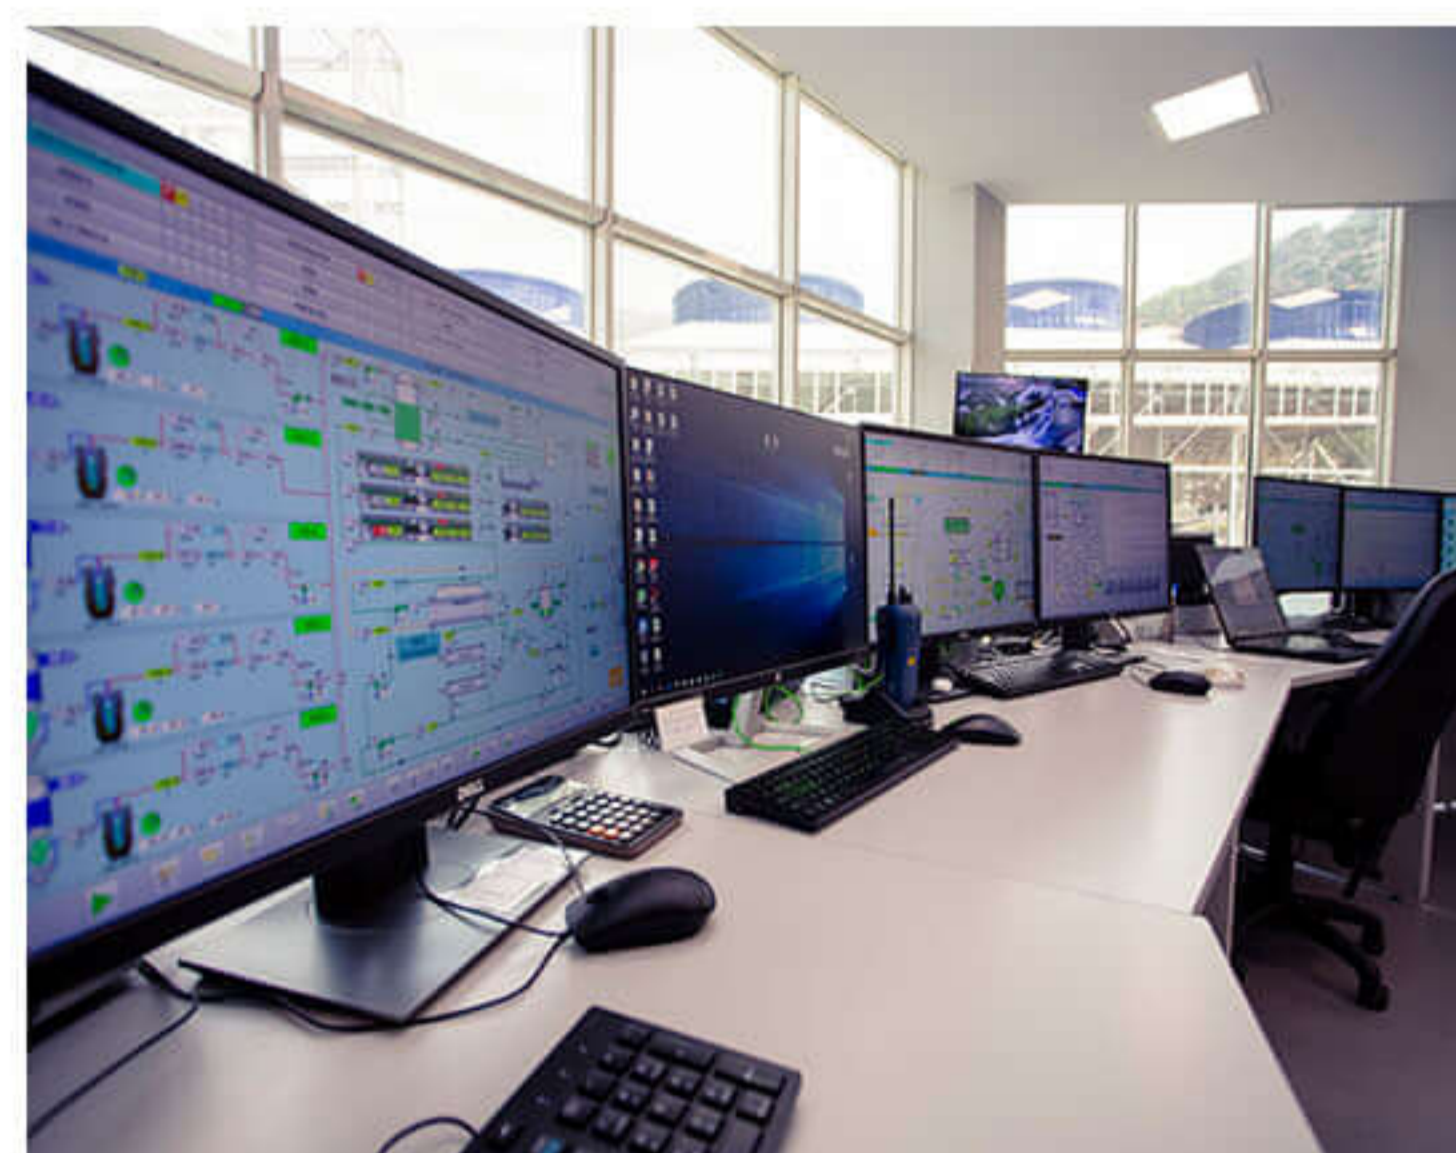

**Thermal Power Plants**

**Process plants for the Chemical Industry**

**Paper Industry**

**Geothermal Power Plants**

**Iron and Steel Industry**

# PORTFOLIO

- Production and Sales of Medium Voltage Systems
- Engineering, Projection, Design
- Automation systems and Software Engineering,
- LV Panel and MV Cubicle production,
- Site Services
- Sales - and Project Processing

**EGESIM** GmbH

**EVERYTHING AT ONE PLACE, PERFECT SOLUTION...  
EVERYTHING IN SAFE HANDS... EGESIM**
